Samuel Kamitha  
My Gikuyu Father  
Messenger of the Chief Seer,  
Mt. Kenya College of Seers

When one commits to the Holy Mountain it is a life long commitment. I'm beyond grateful for you acquainting me with the mentality of a true Gikuyu Sage, a custodian of Africa's Secrets. That knowing was vital for the delivery of this moment for so many people to see clearly during these final days of grand deception. The contribution of Mt. Kenya College of Seers to Humanity will forever remain in the hearts of our Brothers and Sisters in the Diaspora for all of history! Thanks for the support you extended from way over in Kenya. We will see you this December!

# **Dedicated To**

My Biological Mother and Father  
& Sister Sophia

I love you all, thanks for accepting my life as an Musical Rebel Activist Ambassador Prince Revelationary and anything else I do that may confuse the hell out of you lol I know yall really don't fully understand much of anything that I'm doing, but thank you for name and Sophia thanks for deciding to call me Jacob instead of the name my parents gave me. I realize that was very wise of you... The hidden name Jacob added next dynamic to my experience on this earth.

# **COMPARATIVE INVESTIGATION, ANALYSIS & INTERPRETATION**

This report is an entry-level comparative analysis of African Secrets being investigated and interpreted for the activation of the African Diaspora in America then the world. The purpose is to give the Diaspora logical and intuitive insight for clarity during these times of grand deception by the high councils of the wicked. And make no mistake, the African Secrets clearly warn us about these times and the plans of the world powers of today so don't be fooled. However, neither should you feel doomed or hopeless because we're one step away from deliverance, and you have more control over what happens in these days than you've been told.

The comparisons you will receive in this report are the results of a great investigation by the Diaspora Office in America for the Holy Mountain of Peace in Kenya, taking place to return what was hidden about Black People, and our truth. No matter how different, unique or strange that truth may express itself in the evidence we find, we are committed to acknowledging it as it is, analyzing it with sincere intention of comprehending the message, identifying any relevance to our present day situation then transmitting that

message to everybody.

This investigation will not sugar coat the evidence out of fear for what Europeans or European-minded people will think about the knowledge. This is an African journey! A journey for the African Diaspora to delve into the minds of the most intelligent and wise Black People who ever lived and who still live on this planet today. Their ancient wisdom is inherently sovereign. Their uncorrupted teachings of environmental knowledge supersede the jurisdiction of western science because they are masters of all things mental and intuitive. If they teach that trees have a language or stones, wind, water, fire or anything else, then this is exactly what we will report with great confidence and pride in our ancestor's unique solidarity with nature around and inside of them.

All who encounter this report are advised by the Holy Mountain to investigate the sources for yourself, discuss with family and community on social media. On our website, we provide you with direct links to read the source materials in your own time. In this report you'll find our interpretation of what is compared by the various sources of secret knowledge, as well as our recommendation for the collective community's next steps.

# THE SOURCES

The sources of secret knowledge we are using for this report are;

1. Enlightening conversations from an anonymous Motshidi Griot of the Batswana Tribe which turned into a book called Black Roots Science. This is knowledge that originally guided me to Mt. Kenya, before I was inducted as Ambassador.
2. The Secret Nazarite Scroll translated by David Owens for the Essene Church.
3. Yamumbi.com launched by the 12 Seers of Mt. Zion. Represented by my ceremonial father Mr. Samuel Kamitha, Messenger of the Chief Seer for the Holy Mountain. This report will also include knowledge I received from private conversations with him.

# CONTEXT OF SOURCES

1. **The Black Roots Science** was compiled publicly between 2003 - 2009 in a series of on-line conversations that took place in the forum section on Assata Shakur's website. The knowledge was released in English, needing no translation. The teachings are often short lessons on various topics, often transforming into a question / answer session due to the fact that people were able to ask any question they wanted to as the Griot was presenting this knowledge on-line. The teachings were specifically directed to the modern day Black Man & Woman in the Diaspora to compel us into forming what history calls the 'cornerstone', which will open the symbolic portal for our restoration as a people, whenever we decide to get it done.

One advantage we're empowered with for this great investigation, is the fact that Black Roots Science did not code the knowledge presented to us. Neither did it hold back, meaning the communications were straight forward, plain language and honest about the history and perspectives protected by the Batswana custodians of secret knowledge. That's why we recommend everyone read it before the other sources. It will empower you with a high level of clarity, which you will need to access the hidden jewels in the other info.

Its also critical to note that there's a hierarchy to the levels of secret African knowledge and the teachings of the Batswana identifies itself on the

hierarchy as a '360 degree' or a '360 truth' system, which is the highest available knowledge system of our time. That is, until we successfully manifest the cornerstone. At which point the original knowledge curriculum of 49,000 truths will be restored. Among the sources used for this analysis, the black roots science is the only one that has specifically and intentionally set itself apart as a 360 degree system, distinct from 36 and 33 degree orders.

**2. The Secret Scroll of the Nazarites** was written in Aramaic and Koine Greek languages. It was translated by a small team led by a modern day Essene theologian named David Owens, a white male, peace activist in Oregon. The team published the scroll as, "**The Holy Megillah: Nasarean Bible of the Essene Way**". The esoteric ranking of the scroll is also self-expressed in the scroll, to be of the 33/36 degree 'mystery school' order, which means the teachings were fundamentally intended for Non-African ethnic groups. However, the original teachers and high priests who provided much of this knowledge were indeed African High Priests. These High Priests were apparently initiated into the 360 degree knowledge because they placed many coded indicators in the scroll that demonstrate awareness of 360 degree knowledge, which comes from experience. Which means the teachers were able to experience the 360 truths. Which means they were Black because melanin and ether are required for the 360 curriculum. Most of the indicators of higher initiation are non-frequent and sporadic, so we conclude the High Priests put them there as signals for other 360 degree level initiates to know that the non-Black students who carry these teachings in their heart are the true sons and daughters of the higher circle.

We've decoded some of those coded indicators in this report for our fellow investigator's benefit, including the seal of the High Council of the Holy

Mountain. Although indicators of African Secrets are found in the Nazarite scroll we have evidence that suggests the scroll is a compilation of various ancient manuscripts with wisdom traditions partially of African Origin and partially East Asian wisdom traditions. The evidence we obtained suggests the various manuscripts compiled to create the Holy Megillah were not intended by the original authors to be presented as one unabridged body of work (as it is presented). Never the less there are enough teachings in the Megillah that are consistent with true African Secret traditions for us to attain the purpose of the great investigation. Whatever David Owens and the translation team chooses to disclose or not disclose about the process of compiling the Holy Megillah will be completely up to them and within their right, but will not effect the correlations that exist between the sources he has and the secrets being declassified by African Guardians.

Especially since the scroll states clearly that it is "not the original scroll", and that the original scroll is located in the Ark of the Covenant. A truth consistent with the secrets of the Gikuyu Tribe whom this Diaspora Office has faithfully promoted for five years now. We are the only tribe or group on earth who have publicly declared the real Ark of the Covenant contains the original scrolls. Now the Nazarite scroll is the second source to profess this. Which brings us to our final source. Also which gives the reader of this report clear directive to do whatever is necessary to obtain the scrolls from the Ark of the Covenant in Mt. Kenya so the teachings of the original scroll can be compared to the translations provided by Mr. Owens.

**3. Yamumbi.com** is the official website for Mount Kenya College of Seers, Guardians of the Gikuyu tribe's Secret knowledge. The information was prepared and posted in English by the Chief Seers Messenger, Samuel

Kamitha, who's message comes from the 12 Seers known as Mount Kenya College of Seers. The website was launched in 2009 and features declassified Gikuyu secrets such as the mind activation ritual, which was portrayed in the Black Panther movie along with the meteorite that struck Africa creating Mt. Kenya.

One of the most important secrets declassified by Mt. Kenya is the fact that the original name of the Gikuyu people is 'Kabiru (Hebrew)' and that they're the people who left Axum, Ethiopia around carrying the Ark of the Covenant containing the Original Scrolls to the Holy mountain for protection. No other historic source has ever made mention of the Ark containing any scrolls, until now that the Nazarite Scroll is surfacing. The contents of the Ark should have been very well known in mainstream institutions and scriptures if the mainstream priesthoods actually had knowledge of it. This shows that the institutions who have been controlling religious authority for the past several thousand years, are not the genuine article. And this is exactly what the Nasarean Essenes / Nazarites and Ebionites have been saying for thousands of years. They were the original "Woke Community" of ancient days. Separating themselves from the crowd and calling the Religious leaders out for leading people astray with false scriptures.

The information on Yamumbi.com expresses a 36 level initiation system, which indicates Gikuyu sacred knowledge may be within the realm of the 36 level mystery school system like most other African religions, but doesn't conclusively mean that because the law of silence conceals what the reality actually is on the inner circle of Gikuyu Secrets. And the capabilities reported by the College of Seers is beyond that of a 36 level mystery school initiate, so the 12 Seers may very well be custodians of the 360 truths. It should be

noted that the black roots science indicates that the High Priests of Ancient Egypt who taught the 360 truths also taught the 36 Truths. Also the 12 seers distinguish themselves from lower grade elders who do burnt offerings so its very well possible the College of Seers operate in a higher spiritual realm than that of the common people of the village.

# HIERARCHY OF KNOWLEDGE

To truly investigate the secrets of Africa one must do so with an understanding about the four levels of initiation. The four levels are as follows;

## **1. 49,000 Truths / Degrees**

*(Highest Possible / Temporarily Suspended For Modern Humans / 7,000 Year Life Span Required)*

## **2. 360 Truths / Degrees**

*(Temporarily The Highest Available for Modern Black People)*

## **3. 36 Truths / Degrees**

*(Highest Available For Non-Black People)*

## **4. 33 Truths / Degrees**

*(Entry Level For Non-Black people)*

On the lowest levels, there are 33 and 36 truths that used to be taught in Ancient Egypt. These truths were intended for and available to all ethnic groups, but the third level is for Black People only because it will be fatal for non-black people to try and endure potential trauma that can be associated with some of the rituals that require melanin and ether to survive. Lastly, the fourth level is the most ancient truth available. Only the ancient people who live 7,000 years are capable of completing. This original Holy system is not available to during the cycle of evil, which will end after black people form the cornerstone.

# CONTEXTUAL ANALYSIS

## CONCLUSION

The Black Roots Science has an asymmetric intelligibility with the Nazarite Scroll because Black Roots Science is the teachings from a 360 degree / truth / level initiate. This means that the 36 truths of the mystery school come from the 360 truth system. In other words, someone who is initiated into the 360 truths will easily recognize the 36 truths, but the other way around is not possible. For instance the concept of Love is presented differently in the 360 system of the Batswana than the 36 degree system of the Nazarites. Using a higher level perspective of the concept of Love, transforms the interpretation of a scripture in the Nazarite scroll or other 36 degree level teaching. And this is just one example.

Cultural and linguistic context is also very important to drive this point home. The Batswana are an ancient Royal Bloodline of the Nile valley area where the Nazarite Scroll calls home.

In the Setswana Language, the word Natsa / Naza [Nasa] means 'to observe'. This is consistent with someone being introduced to a prestigious order like an Ancient Priesthood. Such a person would have the permission and blessing to 'observe' what is happening on the inside of the organization meetings. Whereas someone who is not worthy of being a student would not

have the blessing to observe anything related to the inner workings of such a prestigious order.

So my official perspective until further notice, is that the Nazarites who received the teachings in these scrolls were faithful observers / students of / friends of the Holy African Order who guarded African Secrets such as the Batswana and others High Priesthoods who preserved divine African knowledge and history from the times before society fell.

For this reason, we advise everyone serious about this investigation to read the Black Roots Science & Yamumbi.com first, before reading the secret scroll of the Nazarites because by doing so you allow yourself to see beyond the 'face value' of the Nazarite Scroll. Once you do that, you can extract hidden meanings from the Nazarite scrolls by using higher level knowings of concepts presented in the scroll. And your dreams will help you fill in gaps.

However, this report highlights most of the intersecting points between the Black Roots Science and the Nazarite Scroll and we make an effort to interpret the comparison with proper context for your enlightenment. So this report is actually a perfect starting point before reading the sources in full.

Another important note concerning overall context is the scholastic value which the Nazarite Scroll brings to the Black Roots Science. We have confirmed that the Nazarite Scroll originates from ancient manuscripts. Because this is the case, this means the Black Roots Science, which was revealed anonymously, now has primary authority evidence to support its unique tribal perspectives. Which increases the academic relevance from a western institutional viewpoint. Truthfully, that viewpoint is not necessary, but

it is very helpful to undo the colonial programming most people in the African Diaspora live with.

Lastly, it's also important to know that true African Councils of Seers and High Priests are united as one all over the continent of Africa and elsewhere. So do not be fooled to think that a High Seer from one tribe is separate or distinct from High Seers in other tribes. They are on the same silent team. You can even call it the real Wakanda, if you will. Because together, they all make up the Great Guardianship of Africa's Secrets.

# 0. THE CORNERSTONE

I'm intentionally making the cornerstone the first comparison between the two sources for a very particular reason. This is the actual solution for the world and Black People are the only ones who can accomplish this. Which means non-black people who desire to see the world escape the plans of the Global Elite should encourage Black People to make the cornerstone happen asap. Once we do that, everything changes for the better. And the longer we fail to do it, the worse things will be.

The cornerstone is one of those concepts that many esoteric societies have lots of different ideas and teachings about, but both the Nazarite and Black Roots Science traditions present the concept of the cornerstone in a similar fashion as it relates to a group of people laying the foundation for new realities and divine arrival. The first scripture we will analyze come from Yeshua and his Wife Mariam, the Lady Christ preparing to send their disciples ahead of them to promote their coming before they arrive to Jerusalem.

GODSPELL 75:40. Typically, most of you will be divided into groups of four, with a group leader chosen by Us; each group of four is called a 'block'. 41. Each group leader - called 'block-leader' or 'cornerstone' - will report to one of Our Travel Companions assigned to be the communication liaison to that

block.

GODSPELL 42:29. Behold: at the end of Our ministry unto Yesar'el, Miriam and I will come to you at Engedi, to collect those of you who persevere unto initiation as Nasareans and desire to serve in the Body of Christ. 30. We will then send you in pairs to the towns and gathering places of Yisra'el, preaching in Our Names that the Kingdom of Heaven is at hand! 31. And you will invite those who are ready to receive the Lord and Lady to come to Us, first in the waters of baptism by your hands, and then to gather with Us when we end Our ministry to Yisra'el in Jerusalem. 32. They will gather when We enter Jerusalem, waving palm branches and singing 'Hosanna!'

BLACK ROOTS SCIENCE: 18:64. Two conditions were laid down as being required to end this cycle. The first is that the Black population should reach the number equal to the original Gods, which is one billion eight million. That condition has been fulfilled, or will be in a few more years. 65. The second but primary condition is that there will be a group of 144,000 people who will form the foundation for a new society. Every new society starts with this basic minimum, which becomes the foundation stone for the new temple, to use biblical language. Or as Bob Marley used to sing it, they are "the stone that the builder refused, and shall be the head corner stone." 66. There is one requirement needed to be part of the corner stone. The foundation population will be formed by those people who have consciously and willingly removed from within themselves ALL SYMPATHY for the light races. 67.

This does not mean to hate them, because hate is just as strong an emotion as love, and fixes one's attention on its object. All that's needed is simply to know who we are and who they are. When this knowledge becomes clear in our minds, then it's not hard to see that we cannot exist forever side by side with them. Our natures are too different, even 180 degrees apart. It's like grain trying to survive side by side with weeds. When a person knows the natures of grain and weeds, it's only a short step to realize they must be separated. When there's a minimum of 144,000 people who come to this full realization, then the cycle will come to an end. It has been estimated by my teachers that this number will come predominantly from the Americas, the place of 400 years of slavery. A few will come from other regions where Black people have suffered for 400 years under the oppression of colonialism, even though our suffering was not as severe. 69. It's these people who will better understand and fully acknowledge the true nature of the races because they have lived among them most closely. They will seek to separate from them. 70. Initially it will not be a physical separation, but a mental one. It will come in the form of totally rejecting the point of view of white people that has been ruling the world for 6,000 years. The people will replace it with a more truthful and natural point of view. The two points of view will be seen to be diametrically opposed. Soon after this mental rebirth takes place, they will then begin to organize physically, in order to come together. Then they'll rediscover the ancient knowledge and put it into practice. 71. On this foundation stone the entire Black population will become free. All the B8M gods will then be incarnated in us, and our society

will begin afresh.

**A passage from Yeshua talking to his companions mildly echoes the teaching from the BRS:** GODSPELL 80:71. I fulfill it by fulfilling the best of its many messianic prophecies, those that pertain to the Messiah of Peace who will Teach the world to turn their weapons into farm tools! 72. If not now, when? 73. If not Me, who? 74. If not us coming together to form Group Messiah of Peace, what? 75. If not you, why not? 76. If not 'we', who will? 77. So, I will, and I do, be now that Messiah of Peace! 78. I invite you to join Me as, united in The Way of Peace, we together actually are a Group Messiah of Peace! 79. One Messiah of Peace can do some good 80. Ten thousand Messiahs of Peace can do much more good! 81. Yea, and with 144,000 Messiahs of Peace, even the lion will eat grass beside the lamb!".

GODSPELL 6:121. Then he will take birth as a child in the ancient land of Eden, and will be one of the 144,000 naturals who will refuse the mark of the beast and will take refuge in the forests to wage nonviolent war against new Babylon in the Last Days.

**Another passage from the book of Enoch gives insight into who are "the naturals" that Yeshua was speaking about:** Enoch 2:229. Yea, and the Second Body of Satan, which is flesh mated with metals and artificial materials, will prepare mankind to receive the Third Body of Satan. 230. And the Third Body is that of enslaved light, and the false promise will be

immortality. 231. Lo: I saw that those who refused the Body of the Beast were at first simply mocked, being called 'The Naturals'. 232. Then, they were penalized at work; for, lo: they who 'enhanced' their natural bodies could perform great feats of productivity. 233. Then, behold: 'The Naturals' began to lose parental rights, being accused of harming their children by denying them 'enhancement'. 234. Yea, and then they were denied employment entirely, being made outcasts. 235. And the outcasts were forced to leave the cities, for Naturals were not welcome. 236. Wherefore 'The Naturals' retreated to the wilderness, which is where they felt at home; for, they are the few who still loved nature and cultivated the life force. 237. And they will be led by the Zeroah Nistar, the Hidden Arm of the Nasareans; for, the visible arm had been outlawed. 238. And the hidden powers behind the false powers were the first to take The Third Body. 239. For, behold: Lucifer had promised to make them living immortals, wherefore they did his bidding.

ADDED INTERPRETATION: To be clear, what the Griot from Batswana is saying is that Our People, primarily the African Diaspora here in America have to build cities of our own that we govern and be completely self-sustained. Through the law of correspondence, by us consciously detaching ourselves physically from this American Government and building our Wakanda like green smart cities, with the benefit of using cutting edge innovation and technology, it will cause a spiritual detachment from the cosmic energies responsible for our oppression. Which will by universal law

filter into the physical world.

# 1. GOD

Both traditions agree that God is All people and beingness united as one, while simultaneously being a collective family of unique individuals. The contrasting difference would be the name used to identify the oneness.

GENESIS 5:30. And the name of the All is YHWH. 31. And that name is the name that includes all names; therefore that name is HaShem.” 32. Behold: all Beings are part of All Being, a part of YHWH . 33. Yet each Being is also an Individual Being, a Self. 34. For this was The Gracious Wish of Yah: that each Being have the joy of being an Individual Being, and that each Being have the joy of being part of the All Being that is One. 35. YHWH is One from Many, and Many from One.

BRS 26:4. *This One Person is called God. Although there are many individuals in the divine unity, they nonetheless know themselves only as one. Each person knows himself/herself as the one and only God, without losing his/her sense of individuality. He/she is also aware that every other person is this same God because they are all united as one. That is a state of mind that the ancestors call heaven or eternity. And so heaven is not a place, but the state of mind described. It comes about as the end result of taking part in the various rituals of initiation.*

## 2. BEFORE THE UNIVERSE

Both traditions address the concept of existence before the universe was created. They both agree that God existed as both masculine and feminine energy equally existing in a state of unified singularity. In essence, the only thing that existed was God.

GENESIS 1:17. Though having always existed, Yah first existed as one alone before becoming one another. Lo, the one alone was undifferentiated and unmanifest and neither space nor time nor world's nor creatures did exist; neither did everything else exists except Yah, the One alone, the that which is...

*BRS 26:3-4 3. At the end of the previous universe, all the people in the universe were in an expanded state of mind called divine unity. They were all united in mind and heart as one person. 4. This One Person is called God.*

# 3. GOD'S POLARITY CONTAINS ALL FUTURE AND PAST LIVES

Both traditions teach the singularity of God contains a polarity which is masculine and feminine equally. From that polarity derives all masculine and feminine life that will ever exist, but only when the masculine and feminine are united.

GENESIS 3:8. And in Her face Jah beheld, simultaneously, the faces of every female who will ever exist. 9. And in His face Jahlah beheld the faces of every male who will ever exist

GENESIS 3:12. And behold: Jah and Jahlah embraced; yea, **They became entwined.** 13. And the body of Jah was in that instant every male body that will ever exist; and the body of Jahlah was in that instant every female body that will ever exist. 14. Lo: the bodies of Jah and Jahlah were not physical but spiritual; neither were Their bodies confined to a time or place or shape or structure or condition. 15. Behold: exactly what Their bodies were, and are, cannot be fathomed by the human mind; neither can the bodies of Jah

and Jahlah be drawn by the human hand. 16. For who can fathom or draw this mystery: the body of Jah not only was every body of every male of every species that will ever exist, but was even every phase of every body, from birth to old age, from rebirth to rebirth

BRS 18:26. The life of the Black man and woman on the other hand has no beginning. It is self-generated and self-created at the beginning of creation that has no beginning. Therefore the human bodies, the bodies of the Black man and woman, have always existed. They are the primary form of life, without beginning or end, without source or sink. These two bodies are the source of all life in the universe, as well as the sink of all life, in that at the end of the universe they take all life back into themselves. Together they are the unification of every form of life that has ever existed in the past, all the way back to eternity, *and also life that exists now as well as life that will ever exist in the endless future. All the past, present, and future life-forms are contained and unified in the body of the Black person, the man with male life and the woman having all forms of female life, but only when the two are united as one in mind and heart.*

# 4. GOD'S FIRST BEHAVIOR

Both traditions identify God's first behavior with the same word, "Contemplating". This provides insight to an existing chronology of God's process to expand the universe and continue creation.

GENESIS 1:21. **Being contemplated**, and the First Question arose: "What am I?"

BRS 1:7 7. The unified mind of the people, who were as One Person, was so immense that the stars appeared to be the size of atoms. **As this Person was contemplating the universal sphere**, he/she saw that it was adequate for habitation as a new earth, with all the stars being its atoms.

# 5. SHAPE OF THE UNIVERSE

Regarding the shape of the universe, both traditions specifically say the universe is a sphere. There are absolutely no contrasts in the teachings on this subject.

GENESIS 6:42. Jahday and Jahnah knew that the **Mother Ovum (Universe) was to be a Sphere; symbolized by the Circle**; and They danced that dance. 43. Lo, the Void of Potential Space became the Sphere of Actual Space. 44. And They knew that the point at the center of the sphere, the point symbolized by the yod, which is the Crown of Yah, would be the center of every ovum within the Mother Ovum.

BRS 26:27. *What happens is that the universe is created at the beginning and lasts for a certain duration, depending on its purpose. When the purpose is fulfilled then it comes to an end. Before it comes to an end the minds of all the people who live in it join together into one mind or one consciousness. This is an expanded state of consciousness. The expansion of the mind or consciousness is so immeasurably large that the entire universe would appear to you as if it were a single sphere the size of the earth.*

# 6. BEGINNING OF THE UNIVERSE

Both traditions describe the universe beginning with a self-contraction into a central point of the universe. The Black Roots Science adds detail to the contraction that gives the teaching a expected variant from the fact one teaching is 36 and the other is 360, but the teachings remain in agreement.

GENESIS 5:53. Yea, Jah-Jah self-constricted, condensing to a point of Jah-Jah. 54. And the space where Jah-Jah had been before Tzimtzum, the space from which Jah-Jah had withdrawn, was a void of empty space. 55. And this was according to the will of Jah-Jah. 56. **Jah-Jah was now One Point at the center of a void of empty space.** 57. The One Point was the Oneness of Jah and Jahlah in embrace. 58. Lo: the One Point was the merging of the Two that are One and the One that is Two, for the purpose of Creative Expansion.

BRS 14:2. At the end of the previous universe, our ancestors expanded their mind beyond measure until it encompassed their whole universe. **That process of expansion caused an apparent "contraction" of their universe until it was "reduced" to the size of a single planet.** The

universe was not reduced in reality, but when the mind is expanding, it appears as if the universe is "contracting".

BRS: 26:11. The first earth is the center of the universe. It becomes the central place, or hub, from which the rest of the universe is created.

# 7. CREATORS OF THE UNIVERSE

Both traditions agree that the creation of the Suns of the universe did not happen by a spirit of God, but instead it was done by the first humans that God turned itself into. So they teach that the first humans in the universe was also God, but in flesh form. In the Nazarite scroll it was the son and daughter of God who created the star seeds and did the 'dance of creation'. Jahday and Jahnah are the names to refer to YHWH after YHWH divides into Jah & Jahlah (Jah & Jahlah are the masculine and feminine forms of YHWH in the Nazarite Scroll) who then each independently emanate themselves into flesh and blood human bodies as man and woman name Jahday (male) and Janah (female). Jahday and Jahnah are therefore equivalent to the 1 Billion 8 Million People who the Black Roots Science teaches God turns itself into when God wants to become flesh on the very first earth of the universe.

GENESIS 6:8. Before the beginning of Their Dance, the Mother Ovum was Bohu, a dark void of desolate emptiness. 9. And this void was Tohu, without form. 10. And this void was dark because there was yet no Aur haBahir, no Light of Illumination. 11. And this void was desolate because the Spirit of Yah was with Elohim in Tzimtzum. 12. Then, bursting outward in ecstasy

from Tzimtzum into Bohu, the Spiral Dance of Creation began. 13. Behold: Elohim Karim! 14. Which is to say, Elohim Dances! 15. Elohim danced the Karar HaAur, the Dance of Light, a whirling motion with the sound of a hum. 16. And the hum of the Light Dance is the music of Their Dance. 17. And the music of Their Dance is one with the lyrics of Their Song. 18. And those lyrics are the words sung by They Who Dance. 19. **And They Who Dance are Jahday and Jahnah, our God and Goddess Immanent, Elohim.** 20. And the lyrics They sing while They dance the Dance of Light are The Words of Light: "Yehi Aur!" 21. Which is to say, "Let there be Light!"

GENESIS 7:38. And Jahday and Jahnah gave to Abraham and Sa'arah a Great Work: the planting of a new Star Seed, and the seeds of its Heavens and Planets and Creatures. 39. And though Abraham and Sa'arah would plant and nurture the seeds, lo: **only Jahday and Jahnah were to create such seeds.**

BRS 60:8. 1. God is the Divine Unity of all Black people. Divine Unity is a state of mind where there is no separation, where all Black people know themselves as One. This One is the Eternal God. 2. God is equally man and woman. **3. God separated into 1 billion 8 million Black men and women who created the universe.**

BRS 27:5. They create the universe by meditation. They bring the plan for each star system from its original place in eternity, in their united minds,

where all things, past, present, and future, exist in perfection. **They concentrate their minds on the type of sun that they want to create, and hold its image steady in their united mind.** After meditating on the image for some 'time', that part of their expanded mind will begin to condense in the chosen location. The first substance of the sun will begin to condense as magnetism.

# 8. HOW SUNS FORM

Both wisdom traditions illustrate the sun being created in stages and relate the stages of the suns development to natural elements such as water, air, soil, fire etc, although the BRS gives several stages of manifestation not mentioned in the Nazarite Scroll (which is to be expected). The sweetest irony is the harmony of both traditions refuting the modern scientific principle that light doesn't need ether to travel. They give the exact extraordinary teaching that the physical light of the sun existed before it could be seen with human eyes, which is only possible when the suns reaches the “air / ether” stage of development. This beautiful harmony alone speak volumes to the evidence of a common knowledge base being used to educate ancient students.

GENESIS 7:46. And they chanted the Great Invocation of Elohim, which is, “Let there be Light”, and they planted the Star Seed, which was the Seed of our Sun. 47. As they watched the seed grow they said: 6 “It now emanates Spiritual Light into this darkness.” 48. It is good seed!” 49. And the birth of The Spiritual Light was during The First Great Day of the Creation of our World. 50. Then Abraham said to Sa’arah: “Now let The Spiritual Light form a Body of Light, which will be our Temple.” 51. **Sa’arah said, “Yes, I will plant the Seed of Air; it shall be The Breath of Life for The Body of Light.”** 52. **And she planted The Seed of Air, and The Spiritual Light emanated a**

## **Body of Fire.**

BRS 29:1. Back on the first earth, many trillions of years before the other suns are formed, after about 1/2 trillion years since the beginning of the universe, the first sun has condensed through its first three stages of magnetism, electricity, and light. 2. The sun is still invisible. The first earth is still enveloped in the darkness of its own ether, which only extends a relatively short distance beyond the earth's atmosphere (about 1 million miles). Soon after, the sun's light condenses further and becomes ether. 3. This ether extends to the boundaries of the solar system and beyond, and will soon meet up with the ethers of other star systems as they come into being, and eventually cover all space. The appearance of the ether for the first time allows the movement of light across space. Light depends on the ether to travel and be seen, just like sound depends on air to travel and be heard. 4. Modern scientists are oftentimes puzzled by the 'sudden' appearance of a star in a region where their telescopes revealed no star before. Usually they explain this by saying they did not have a strong enough telescope, or due to careless observation, or some such explanation. **The real reason is that the star was there all the time, forming over a trillion years, but had not yet condensed an etheric substance by which its light could be seen.** The entire spectrum of light and color, from red to violet and infrared (below red) to ultraviolet (above violet) requires ether to travel, and cannot be detected otherwise. When the ether condenses enough to provide movement of light, the light appears instantly, as if a star

just appeared out of nowhere, when in fact it had been there all along, invisible.

# 9. HOW PLANETS FORMED

Both wisdom traditions give a scientific overview of how planets are formed by centrifugal force (after the suns are created and begin rotating which throws off gases that travel away from the sun and then cool). It's easier to recognize the teaching in the Nazarite Scroll after comprehending the teaching from the BRS, you realize it's a consistent profound teaching being explained to two different generation 2,000 years apart.

GENESIS 7:55. Then, Abraham and Sa'arah cast into The Body of Fire, The Seed of Water, so that vapor would come forth from the fire to become clouds; for, they knew they would make worlds that would need water, ft 56. And vapors came forth and formed primal clouds. 57. They said, "It is good seed!" 58. And that was The Third Great Day of the Creation of our World.

**59. And as the sun burned, it whirled through air and the winds swirled. 60. And into the wind Abraham and Sa'arah cast The Seed of Soil. 61. And the wind began to form the small particles of soil into larger particles. 62. Abraham and Sa'arah said, "This is good seed!" 63. And that was The Fourth Great Day of the Creation of our World.**

**64. By the end of the Fourth Great Day, some of the particles had combined to form large spheres. 65. Abraham and Sa'arah chose the**

**largest spheres to be the planets for this realm.**

**BRS 29:15. As soon as the sun starts spinning about its axis, its etheric substance condenses further and forms gases. These gases are thrown off the surface of the sun due to its spinning motion, or what is called centrifugal force. The gases are thrown off in large masses toward the edges of the solar system. They experience a magnetic pull from the sun such that they only travel so far before they stop and establish an orbital circuit. How far they go depends on their size and the force with which they were thrown off.**

16. Because the sun was spinning when it threw them off, the gaseous masses continue this rotational movement given them by the sun and orbit around it. They also spin around their axis for the same reason of electromagnetic current movements between their north and south poles.

17. As soon as they reach a stable circuit away from the sun, they begin to condense further and form the last two types of substances; liquids and solids. Now the seven substances of the solar system are complete; magnetism, electricity, light, ether, gases, liquids, and solid substances.

The smaller masses that are thrown off cool the quickest, forming the smaller planets and all the meteors, meteorites, and space dust particles. During this period of planet formation, as long as the sun continues to eject masses, a lot of collisions take place in space.

The first earth in the meantime is protected from the debris of these collisions by its electrical and magnetic fields, as well as a high layer of atmosphere.

# 10. END OF THE UNIVERSE

Both traditions teach that the universe is not infinite, but has a boundary that physical matter cannot pass. The teachings team up to describe each universe ending with an expansion that permeates this boundary.

GENESIS 4:29. Yea, A We will give life to the Mother Ovum by surrounding it, at its circumference, **that it may expand into us.**

BRS 13:20. Our teachers tell us that God is infinite only in eternity, but not in creation. One of the purposes of creation is to duplicate this infinity of God as it is known in eternity, and bring it into the universe. Since infinity means unfinishable, creation will go on forever because the eternal infinity of God cannot be duplicated in a final and finished form. **Therefore the universes will always expand. Every new universe will be larger than the one before, without end.**

# 11. IMMORTAL FLESH

Both traditions affirm that the original bodies of humanity could live forever. The Nazarites refer to these bodies as “Cherubim / flesh that need not die.” and the Batswana refer to them as “Original People / Gods”, being the first 1 Billion 8 Million people (1B8M / B8M) to exist at the beginning of every universe. For this reason the BRS sets the number 1 Billion 8 Million apart as the most sacred number of the ancient world. The Batswana refer to a “Garden of Eden” as a place consisting of the original totems which come directly from the bodies of the Gods, the edible plants are called the trees of life. They say the trees of life extend your life. Therefore, both the original Gods and Adam and Eve both lived in the Garden of Eden and need not die because their food allowed them to live as long as they needed to.

GENESIS 9:2. Behold, the bodies of Adam and Eve were not like our flesh; they were of a flesh that need not die.

BRS 16:1 All the prototype plants used for food are called the trees of life. They are used by the leaders to prolong their lives beyond the normal 7,000-year lifespan.

BRS 29:22. The b8m original people live for a trillion years. That is how long it takes for the first solar system to become complete. During this time, they

live in their everlasting, perfect bodies. They nourish their bodies with the food from the perfect plants. During this entire period, no new people are born on the first earth.

BRS 29:26. At the end of the trillion years, the b8m Gods begin to procreate. They stop eating the food of the trees of life, and begin to eat ordinary food. Soon most of them pass out of life and ascend after giving birth to a new generation.

# 12. DIETS OF ANIMALS

Both traditions teach that originally animals did not eat other animals. And this didn't begin to happen until after the Gods deteriorated themselves (on purpose) into short lived humans as we exist today (The Nazarite Scroll call these short lived bodies the "First Body of Satan"). An interesting contrast to the vegetarian animals of the beginning is that the Batswana reveal that certain small animals did eat only dead flesh to help break it down. This information was likely withheld from the Nazarite students in order to remove any excuse for their students to partake in meat eating, due to their lack of ether & melanin tipping their nature to be more inclined for destructive thoughts and behaviors, the blood would be counterproductive to the purpose of the 36 truths.

GENESIS 9:8. And the animals were friendly and **harmed not each other, nor ate each other**, nor did they harm Adam and Eve.

BRS 18:100. Such animals did not exist 6,000 years ago. In fact, prior to 50,000 years ago **there were not even animals that preyed on other animals**. All animals then ate only plants. The only kind that ate flesh were small animals that ate only dead flesh, helping to break it down.

# 13. DIET OF ORIGINAL PEOPLE

The secrets agree that animals were not eaten for food during the original days when we lived in a “Perfect Society”. Both traditions affirm vegetarianism to be the “natural condition” of human beings.

GENESIS 10:37. And they had no reason to fear for the safety of Abdiel, for neither fear nor hurt existed in the Garden; lo: **all creatures lived in peace and none ate the bodies of their fellows.**

BRS 16:1 None of the animals are used for food. Some of the plants are edible. All the prototype plants used for food are called the trees of life. They are used by the leaders to prolong their lives beyond the normal 7,000-year lifespan. The Elders live for over 700,000 years using the trees of life as nourishment

BRS 16:20. **Human beings are vegetarians under natural circumstances.** At present our bodies are in a less than natural state, so the eating of foods like cow milk is necessary, as well as a little meat, but much less than people usually consume. There are enough proteins in plant foods

to nourish even the most active people, so it's possible to live completely without meat, as long as one takes a little milk.

# 14. ORIGIN OF EVIL ON EARTH

Both traditions seem to allude to the origin of evil on this planet stemming from false teaching of a group pretending to be Yahweh or representing his teachings. In both cases the medical community is implicated, but more directly by the Batswana. In the Nazarite Scroll, the culprits declare their symbol is the staff with two spiraling snakes, which the medical symbol. This implicates the science and medical community as the hands of the hidden evil powers of this wicked world. Read that again...

GENESIS 9:20. Lo: at the border of Kush were a multitude of Beings with metal heads and long staffs of metal. 21. Adorning each staff were two serpents the color of copper. 22. **Yea, the serpents were coiled round the length of the staff, their heads at the top.** 23. And upon the metal foreheads of the Beings, yea, and upon their chests in the area of the heart, was an insignia of wings, and on the wings was written the number of their Master, which number is 666.

BRS 33:24. All the people escaping from the island were the adherents of Yahweh's religion, which he had established for them and their descendants

before he died. Among the tenets of the religion was one that some priests claimed had been instituted by him, which in fact was not at all part of his teachings. This was the tenet of child sacrifice. The people who made this false claim were the **surgeons, midwives, and other health officials on that island.**

# 15. HOW THE MIND EXPAND

Both traditions highly regard the expansion of the mind as a divine act and attribute the mind expansion to acquiring knowledge. (*Both also regard heart expansion equally, but the Nazarite Scroll offers more insight to the scientific method which causes heart expansion, whereas the Batswana failed to specify. One can logically conclude that the Batswana is in agreement with the method revealed by the Nazarites*).

GENESIS 1:48. And **with each subsequent knowing**, Divine Mind expanded.

BRS 24:2. The purpose of all social relations is to cause mind expansion. From the most basic type of relationship between two people, to the most complex type among all 12 tribes and 72 clans, the social activities that go on have this expansion as the primary purpose. A conversation between two people results in the sharing of information, and if some of that information has some truth in it, it causes the conscious mind to gain something new it didn't have before. **This increases knowledge and causes the mind to naturally expand.** In a similar way but on a much larger scale the

interactions that go on among the tribes also cause mind expansion. The ultimate form of mind and heart expansion comes from divine unity, where you share your whole being with another or others

# 16. ELOHIM RESIDE IN HEAVENLY ABODE

The wisdom traditions describe the Elohim differently at face value but similar in the sense that Elohim are multiple people. Both mention Elohim residing in a heavenly abode. The Elohim in the black roots science refers to the 60,000 friends and followers of our brother Yahweh and his Wife (Also named Yahweh) when they were short lived humans, but the Elohim of the Nazarite scroll refers to the Lord and Lady Christ, Jahday and Jahnah. The connecting point is that they all are described as having the "Cherub bodies / God Bodies" in both traditions. in the BRS, Yahweh didn't get his ancient God Body until after they teleported their souls to the Sirius Star (*Which is possibly called Elkush in the Nazarite Scroll*).

GENESIS 15:309. And the Lord and Lady shall reside in Elkush in cherubim bodies, even as We reside in countless heavenly abodes throughout Em Beytsah.

BRS 33:11. And a slight correction. There are NOT 60,000 light race Gods in addition to the b8m gods. There are only 1b8m Gods on earth, and to call them light race Gods would be incorrect. They are black men and women, so

they're black Gods. The rest of the population are brand new souls. The 60,000 are all black people who created the light races in our image. They're called the Elohim and traveled in a manner I'll discuss later, to the star Sirius, where they now live.

# 17. SPIRIT LIVES ON ALL EARTHS

Both wisdom traditions teach that the spirit is capable of incarnating on all earths throughout the universe at the same time, and in fact does.

GENESIS 15:310. "Be not amazed that Our Spirits reside in many bodies; for Our Spirits are powerful beyond your comprehension and We desire to be with Our children in countless worlds, **even simultaneously**.

BRS 30:17. Not only do we incarnate on earth, **but we also simultaneously incarnate on other earths throughout the universe**. God, the Black person, is not restricted to one location. Our incarnations transcend both time and space. At the conclusion of the universe, when every earth that can be inhabited will be inhabited, there will be over 125 billion trillion trillion inhabited earths in the universe, each one having a population of one billion eight million Black people - all of whom are the incarnated personalities of the b8m original Gods - that is you and me and every Black person on earth. I hope that clarifies the falsehoods heard from 'new-agers' about reincarnation.

# 18. ATMOSPHERIC CONDITIONS FOR ORIGINAL BODIES

Both secrets teach the atmospheric conditions associated with the original humans being different than the atmosphere today. The oxygen wasn't as dense/abundant according to the BRS.

GENESIS 9:275. Now, when Adam and Eve had begun killing animals in the Garden, the atmosphere of the Garden was changed. 276. The murderous deeds had released noxious fumes that could not be seen but could be felt. 277. Whereas there had been no fear in the Garden, now fear spread throughout the Garden. 278. Yea, some animals began to kill and eat other animals, and those that did not kill began to fear those that did kill. **279. And the atmosphere was now much more dense; thus, all the bodies of animals and plants had become more dense in order to adapt**

BRS 37:98. As for the spaceships around the sun, the Elohim are involved in a process that will eventually result in the removal of oxygen from the earth. You may know that oxygen is necessary for combustion to take place. That

means guns, bombs, even automobile engines (internal combustion engines) cannot function without oxygen, neither can a fire be lit. 99. When they complete this mission, all yt's weapons - guns, bombs, missiles, torpedoes, nukes etc, will become useless, as well as the rest of his technology, because it all depends on combustion of oxygen. They will substitute the oxygen with a form of ozone. There will be a new type of air for breathing made of this form of ozone. All this requires certain adjustments of the sun's magnetic field and its relation to the earth's atmosphere. That's why Nibiru (so called 12th planet) is now parked between the earth and the sun, where it cannot be seen due to the sun's glare. 100. The primary reason for replacing the oxygen with a higher form is not to neutralize yt's weapons. That's just a side benefit. **The real reason is because the new kinds of bodies that will survive on earth (which will be similar to our ancient bodies) will need it for breathing**

# 19. HOW MESSIAHS RESURRECT

Both traditions mention special people such as messiahs and special prophets having the opportunity to resurrect into God Bodies after death. The process in which it took place is described similarly as having involved two Elohim.

GENESIS 19:190. But Cain killed only the body of holy Abdiel; the soul of Abdiel **went to the Lamb and Dove**. 191. Yea, and they gave Abdiel the body of a Cherub, and the name Gabri'el, which means Man of Elohim

BRS 57:112. Now, Simon was aware that Jesus had fallen into a coma. He took him and laid him in a crypt and nursed and cleaned his body for 3 days until he revived him. After he revived him, Jesus consciously left his body, which then died and was buried in a secret place. The soul of Jesus, with the help of the **two Elohim called angels in John 20:12**, then entered one of the 144,000 bodies of glory, or bodies of resurrection that are underneath the great Pyramid. Mary Magdalene and others who saw him did not recognize him at first

because the ancient body, although it has a likeness to his body of that time, was much blacker, taller, and more perfect

# 20. RETURN OF THE ELOHIM

Both traditions speak of the Elohim's return to earth which is to result in a thousand years of peace.

GENESIS 20:84. And when our work on this world prevails, yea, when our victory here is complete, Elkush shall descend again to Earth and be called New Jerusalem, for it will be the City of Peace. 85. And the Lord and Lady will walk this Earth for one thousand years, with you, Their friends.

BRS 57:63 5. Whites and all the non-blacks will continue to live on earth for another 1000 years. During that time, the earth will be ruled by Yahweh, and it will be called 1000 years of peace for black people. The non-blacks will have the opportunity to repent during this time (this applies both to those on earth and those in the hells). After this 1000-year period, the hells will be destroyed. On earth, only a few non-blacks will be left. Most will have died off due to their wars, diseases etc that will come soon (within the next 4 years). The ones that are left will die off naturally by the end of the millennium,

around the year 3000. After that there will be no non-blacks left on earth or anywhere in the universe.

# **21. MAN AND WOMAN**

## **BODY IS MOSTLY THE**

### **SAME**

Both traditions specify that male and female anatomy are mostly the same, but differ slightly and were made for each other.

GENESIS 3:28. And Jah knew, “Jahlah is mostly like me, but a bit different in a complementary way.”

GENESIS 3:34. And Jahlah knew, “Jah is mostly like me, but a bit different in a complementary way.”

BRS 15:9. Originally the 144,000 characters (aspects) were united as one character and it had a form. That form is the body of the Black man and woman. The two bodies differ because while many of the aspects are neutral, a large number of them are more masculine, and the same number are more feminine, although both men and women have all 144,000

# 22. WE ARE THE UNIVERSE

Both traditions associate the human with the universe and the universe with a sphere or circle. Then teach that the circles contain circles within themselves. The Black Roots Science gives this a straight forward scientific presentation about atoms and electrons, but in proper context this is because Black Roots Science presentation was created for modern day people.

GODSPELL 50:33. “We are one with the universe and all Beings, but within that large circle are countless circles, and circles within circles”.

BRS 18:6. If the universe is made of star systems, which are identical to atoms, and the earth is made of atoms, which are identical to star systems, then the earth must be identical to the universe, only much smaller. As above, so below. 7. **Our mind concludes that the earth is a mini-universe. Its stars are the atoms that make it up. Here is the full cycle of creation.** We start with the electron, then atoms, then the earth and other planets, then the solar system and other star systems, then the universe. That is going from the bottom to the top, the

smallest to the largest, the beginning to the end.

BRS 18:22. At the end of the universe the B8M original Gods absorb all life into themselves by uniting their minds and life with the minds and life of all living things. That is to say they absorb the being-ness of all things (even inanimate objects) by joining it with their own being.

# 23. EXTERIOR OF THE UNIVERSE

Both wisdom traditions make a distinction between inside the universe and outside the universe. Both agree that outside the universe is not for humans or physical substances, but only for the divine mind / spirit / energy.

GENESIS 4:28. And so, They (Jah & Jahlah) agreed, “We must remain outside of The Mother Ovum (Universe); for it is we who will give life to the Mother Ovum. 29. Yea, We will give life to the Mother Ovum by surrounding it, at its circumference, that it may expand into us.”

BRS 27:2. For the first trillion years that the original Gods live on the first earth, there is no time. They know only in retrospect that the period of timelessness lasts for a trillion years because that is how long it takes for each subsequent star to form, and they all form the same way as the first solar system (except for the first earth). During this early stage the first earth is alone in absolute darkness. This darkness is called ether or space in modern words. It surrounds the first earth up to a distance of nearly 1 million miles, beyond which there is nothing.

**There are no physical substances beyond the boundaries of the universe. No physical bodies can go there. That region is occupied only by the mind, which has yet to condense into the seven substances.** The first earth is totally still and dark. This absence of movement is the reason for the absence of time. Time comes into being the moment the earth starts to spin on its axis and orbit around the sun. The sun is the generator of time. But at this beginning period it has not yet been created and so time does not yet exist

# 24. YOU MAKE YOUR OWN HELL

The secrets unanimously teach the existence of hell realms, but describe these realms as being made as a result of people with the same low vibrational energies naturally / mentally attracting themselves to each other in low vibrational mental dimensions of Yahweh's mind after physical life.

GENESIS 5:107. Yea, and through that branch Jah-Jah is always connected to every Being, even those Beings in **hell realms of their own making**

GENESIS 7:78. And each soul becomes a member of the Group Ovum **that most matches its own thoughts, words, and deeds**

BRS 32:189. In Yahweh's heavens, such punishment is self-imposed as part of natural law. People there will be in a state of mind where nothing can be hidden. All their intentions and those of their forefathers will be clearly visible to everyone. Their evil natures will be totally exposed. **Their natures will compel them to place themselves in**

**the appropriate sections of 'heaven'.** Some of these sections are occupied by such foul and debased people that they are called hell. As I mentioned before, the heavens of Yahweh range from the lowest and most foul to the highest and most glorious. The hellish conditions in the lowest of these heavens are so severe that most of the inhabitants have very little chance of accepting salvation and everlasting life. Many of them will perish and die the second and final death, from which there is no resurrection.

# 25. UNIVERSE OF LAW

Both traditions agree that the universe is to be governed by law.

GENESIS 4:7. “And **Our universe will be governed by Law** that is Just and Merciful; yea, the Justice of Jah-Jah shall be tempered with Mercy.

BRS 2:33. **What you call earthly principles, or the laws of nature, were designed by the b8m original people. They are the laws that govern existence in the universe.** Black people, as Gods, are not subject to the laws of nature. They are the creators of the laws of nature. All other creatures and beings created by black people, including the light-skinned races, are subject to the laws. We made ourselves subject to these laws only now in this 6,000-year cycle in order to experience what is caused by self-forgetfulness.

# 26. WHY INCEST WAS IMPOSSIBLE IN THE BEGINNING

Both wisdom traditions explain the same reason incest was not possible with the first generation. The first people to exist in the universe were not born through sexual intercourse, but were emanated directly from God from the exterior of the universe and therefore were not “brothers and sisters”. This means they were eligible to marry and procreate together.

GENESIS 5:15. And because the First Son is directly emanated by Jah, and the First Daughter is directly emanated by Jahlah, and They are not the fruit of intercourse of Jah-Jah, the Son and the Daughter are eligible for intercourse with each other; otherwise such intercourse of the Divine Masculine and Divine Feminine would be incest and would be unlawful.

BRS 26:8. The original people then descend upon this new earth in one billion eight million new bodies. **Their new bodies are made**

**instantly, the very moment they decide to descend upon the earth.** They are made of the seven substances of the new earth, which are magnetism, electricity, light, ether, gases, liquids and solid matter. The fourth substance, ether, which is the pure blackness called space, is the central substance of the universe. It's the womb that contains the six other substances in itself. When the original people create bodies for themselves, their bodies take the color of the ether, black, which contains all colors in itself. Therefore God naturally has a black skin color.

# 27. BIRTH OF NUMBERS

Another stunning comparison is the secrets giving a unique knowledge about how numbers came into being. The two traditions are very similar, but not identical at face value because the Nazarite Scroll codified its description of number growing from 1,2,3,7 to 12. Logic allows us to conclude the concept of the numerical growth must originate from the same source knowledge base.

GENESIS 6:72. Behold, The Three Creators: Mem, Shin & Alef 73. The Three Creators are the Creative Letters.

GENESIS 6:114. Lo: the Three Creative Letters that gave birth to The Seven Doubles also gave birth to The Twelve Letters of Ophan Tzedek, the Wheel of Righteousness

BRS 22:1. Mathematics is the knowledge of the origin of numbers. The numbers 1,2,3,7 and 12 came before all other numbers. They were closely followed by 5 and 10.

# 28. CENTER OF THE UNIVERSE

Both Traditions describe the center of the universe being a point where the rest of creation took place. It's clear in the Black Roots Science that the center of the universe is an Earth although the Nazarite Scroll alludes to the same reality with a metaphorical description.

Genesis 6:44. And They knew that the point at the center of the sphere, the point symbolized by the yod, which is the Crown of Yah, would be the center of every ovum within the Mother Ovum.

BRS 26:11. The first earth is the center of the universe. It becomes the central place, or hub, from which the rest of the universe is created.

# 29. GALACTIC SUN

Both Traditions identically specify the universe has 7 tiers of suns and classify our Earth is a first-tier sun orbiting around a larger sun which itself orbits around and even larger Sun all the way up to the seventh level sun, which both identify it as a Galactic Sun or a great Central Sun. The Nazarite Scroll however declares the Galactic Central sun is the Temple of Elohim.

GENESIS 7:13. And the worlds that circle a star, are in the dominion of that star. 14. And each star is in the dominion of an Overseeing Star, which is a star that oversees many stars and worlds. 15. Yea, and each Overseeing Star is itself in the dominion of an even greater Overseeing Star. 16. And all stars are in the dominion of **The Great Central Sun** which is The Temple of Elohim.

GENESIS 7:66. And they chose one sphere to be the planet that would host the First Heaven of this realm. 67. Behold: That sphere was our world.

BRS 28:4. The seventh tier is a group of galaxies orbiting around what may be called a **galactic sun**, for lack of a better word. Therefore there are seven tiers or classes of suns. Our sun is a first tier sun, and

together with its companions such as Alpha Centauri, Sirius, the Pleiades, and many other, revolve around a much larger sun, called a second tier, or second class sun. The second class suns are created before the first class suns, and the third class suns are created before the second class and so on, up to the seventh tier sun, which is the largest and the first to be created.

# 30. ORIGIN OF CHILD SACRIFICE

Both wisdom traditions describe the origin of child sacrifice with similar critical factors. In both cases the traditions say child sacrifice was a false teaching from a false claim that Yahweh desired it to happen. Even more interesting both wisdom traditions associate this even within the context of Adam, Eve, Cain and Abel. The binding factor is that no other biblical or extra biblical sources have ever associated child sacrifice with the Adam and Eve story, yet both of these wisdom traditions do.

**GENESIS 8:22. And I will appear to Adam and Eve and tell them I am their God (Yahweh). 23. And I will command them to obey my angels and me. 24. Lo: I will forbid them to eat of the fruit of the Tree of Life and will command that they eat only from the tree that I plant.”**

**GENESIS 9:239. Lucifer said, “Where is the baby you made before you killed animals and tasted flesh?” 240. Adam said, “We left the baby beneath the tree atop the mountain in the center of the Garden.” 241. Lucifer said, “You must bring the baby to me. 242. It is an**

**abomination and must die.**

BRS 33:28. They lied and said that part of Yahweh's religion involved child sacrifice, which according to them meant to kill every newborn black child. Many people believed these leaders, especially those people that were themselves light-skinned, but the black citizens of the island rejected this false tenet of their religion. The result was that very early on, the island community was divided into two opposing factions - black people against light-skinned people. This division gave rise to the first enmity on earth. It was a hostility between brothers, essentially people of the same blood at that early stage before the first light race was born. As the new people became lighter and lighter and increased in number, the hostility grew to such an extent that the black residents decided it was best to leave the island. By the time the first light-skinned race was fully formed, all the black people that survived had already emigrated from the island and settled in the Middle East and Africa. **The story of the making of the light races is reported in the bible as the making of Adam and Eve. The enmity that arose between the original black people of that island and their light-skinned brethren is portrayed as the legend of Abel and Cain.**

# 31. HOW ANIMALS STARTED EATING ANIMALS

The secrets agree on a very deep and profound scientific teaching about the earth and how it shows us that its alive and connected to all of us. The traditions describe how animals began eating each other. They teach that in the beginning animals were vegetarians, but as Mankind's morality decreased especially with the acts of hunting animals and eating meat the natural environment around mankind followed it's downward spiral of evolution and that is the origin of animals eating each other.

GENESIS 9:275. Now, when Adam and Eve had begun killing animals in the Garden, the atmosphere of the Garden was changed. 276. The murderous deeds had released noxious fumes that could not be seen but could be felt. 277. Whereas there had been no fear in the Garden, now fear spread throughout the Garden. 278. Yea, some animals began to kill and (eat other animals, and those that did not kill began to fear those that did kill. 279. And the atmosphere was now much more

dense; thus, all the bodies of animals and plants had become more dense in order to adapt.

BRS 18:35. The evolution of all plants and animals therefore follows the inner nature of the most influential people in any civilization. All development of life is recorded in the magnetic field of the earth. This recording comes directly from the minds of people. It condenses into magnetic substance and combines with the magnetic field of the earth. The plants and animals receive the direction for their development directly from this magnetic field, which acts as the mind of the earth. It is influenced by the collective minds of the members of the dominant civilization. This knowledge is important in order to understand the effect of the human mind on animals.

# 32. WHAT ACCELERATED THE "LUCIFER'S" BECOMING

The wisdom Traditions give different descriptions of what Lucifer is, for obvious reasons of who the teachings were presented for, however both Traditions maintain the fact that there was a fall that took place among the original long lived humans of the Earth that transformed our bodies into the "First Body of Satan (*Nazarite Scroll*)" and what accelerated that fall was hunting and killing of animals and eating their flesh.

GENESIS: 9:95. Therefore you must grow more dense, **which can be accomplished by killing creatures.** 96. After you have slain animals, you will grow dense enough to eat their flesh. 97. And when you eat their flesh, you will grow even more dense and will be able to leave the Garden.

BRS 33:87. The people anticipated the cataclysms, and had already moved into the forests of Africa, Asia and the Americas where they

joined their brothers and sisters who had moved there earlier. Their bodies continued to deteriorate further due to the harsher living conditions. **Those among them that started hunting and eating meat were the most affected.** In Africa and Asia primarily, some of the people deteriorated to the point where they became almost entirely new beings. Their remains that have been found are wrongly dated by the unreliable modern dating methods and classified by modern scientists as distinct species, such as homo-erectus

# 33. ALL THINGS ARE BOTH MASCULINE & FEMININE

Both wisdom traditions cover the chemical make up of the physical world and indicate that all things created have both a masculine and feminine principle to it. There are no contrasting points of view in this regard.

GENESIS 3:22. And within the bodies of Jah and Jahlah are every body that will ever exist, even of mountains and stars and trees for even within such things are hidden the feminine and masculine principles; **for, all things are the fruit of the embrace of the masculine and the feminine.**

BRS 1:9. Upon arriving on the first earth, the One Mind of God incarnated instantly in 1b8m bodies, as already said. Half of them (504,000,000) were female and the other half were male. Each pair of male/female Gods are called soul mates. **They always create in soul mate pairs, even when in large groups, because all creation has a**

**male/female or negative/positive principle** (negative is not used in a derogatory sense, but as the complement of positive). The b8m original people then proceeded to instantly create perfect plants and animals, called the original totems, from which all evolutionary life forms evolved. They also proceeded to create new stars and planets around the first earth by condensing part of their expanded mind. After living on that first earth for more than a trillion years, they finalized the plans for the completion of a new, much larger universe. They then gave birth to their descendants, and then passed out of life (ascended). Before passing, they established the society of the Black Nation.

# 34. ABSTRACT FORMS

One of the most astounding comparisons between the two secret teachings is the teaching that everything in existence has a complementary NON-PHYSICAL / mental / abstract form associated with it. These forms are the true language of the universe and were used for telepathic / non-verbal communication when among the original humans (*explaining why people didn't talk verbally in the beginning*). These abstract forms are the true origin of modern writing.

GODSPELL 12:19. For, behold, this second Lion **had perceived thought-forms emanating from the crown of Ma'or**, yea, and had been . taught many profound lessons about 'awareness' by those thought-forms. 20. Lo: these thought-forms were like sunbeams from the crown of M a'or, and one visiting Lion could read them but the other could not.

BRS 24:4. All things in the universe, seen and unseen, have forms. Physical things like trees and stones have obvious forms that can be seen, but unseen things also have forms, **and their forms are called abstract forms**. The shape of every abstract form is determined by its purpose. For example, the divine abstract form of the concept of leadership is a pyramid. This is determined by the purpose of

leadership, which is to lead people to divine unity. The pyramid is the ideal abstract form for this. People climb as a mass of separate individuals from all four directions and go to the top, in stages, where they become one like the capstone, as I've described in a previous discussion.

# 35. EVIL IS ANTI-FEMININE

Both wisdom traditions illustrate how the woman's nature is opposed to the wickedness associated with this fallen world of Satan we live in today. They similarly teach that the man had to take the lead in order to complete this experience of evil (which the original people chose to allow to happen for 7,000 years) because if the divine feminine had any say so in the matter she would not allow this experience of evil to take place, when the decision was being made to allow evil to enter the world.

GENESIS 9:206. At first the killing was hard; but then it became easier; and by the end of the day, Adam declared: "Hunting is fun! 207. It makes me feel powerful". 208. **But Eve said, "I do not like it. 209. It feels wrong within me."** 210. Lucifer, hearing the words of Adam and Eve, declared: "Adam, you are stronger than Eve because I made you in my own image and likeness. 211. Eve is weaker because I made her from one of your ribs. 212. I made her to be your servant. 213. Yea, she is not your equal. 214. Because you are stronger, you must rule over her

BRS 11:34. Right now we are in the 15,000th year of a patriarchal system. The King of our earth has 10,000 years more to rule. He has absolute power on all important matters. If he did not, it would not have been possible to make the light races (Lucifer). **Such an evil being would not have been made if the Queens had a say in it**, because the turmoil, disruption and evil that was foreseen, goes against the feminine nature, which is gentle and peace-loving.

# 36. THE DIVINE SACRIFICE

There is a similar concept of leaving a higher state of being behind in order to experience a lower state of being. Both traditions use the word Sacrifice to describe the act. The Nazarite Scroll goes in depth with this teaching several times in reference to various prophets especially Issac. It paints the picture of souls in heaven choosing to return to earth to assist people to ascend and persevere through this experience of a wicked world. On the other hand the Batswana make only a brief casual mention.

GENESIS 20:120. Wherefore it is a great risk to leave a higher world for a lower world. 121. **Yea, we call that The Great Sacrifice.**

BRS: 33:5. The black germ is the seat of morality. **It is the altar upon which God sacrifices divine unity for the sake of individual personality and self-renewal.** It is also the seat of creativity. It is to the body what blackness is to fertile soil, or what molasses are to dark sugar. Just as bleached flour, beach sand and white sugar are dead and infertile, so too is a human without the black germ immoral and

impotent (i.e. unable to create or prolong life). Just as white sugar without the black molasses is poisonous and disease causing, so too is a human being poisonous to the planet who is without the seat of morality. This was the type of image the Gods decided they had to make in order to bring out the 'evil' in them.

# 37. THE GREAT FALL MANIFESTED

Both traditions teach that evil never manifested on this earth until Lucifer brought it about, but they teach the potential for evil was always there in the realm of possibilities (and that it was even foreseen). The BRS holds firm to this perspective across the board saying never in the history of existence has evil ever manifested, but the Nazarite Scroll teaches that evil has manifested in other worlds. One has to remember this could be in reference to mental worlds..

BRS 33:67. The bodies of our ancestors have a genetic perfection that makes it impossible to suppress the dominant black germ and allow the recessive light germ to surface. In all of eternity, the light germ had never surfaced before. 68. Therefore black people knew of albinos only as a possibility, and had seen them only in their imagination during rituals directed to that type of teaching. 69. They had never seen an actual albino in the flesh, as none had ever been born before. To allow for the necessary suppression of the black germ, they decided to genetically alter their bodies and cause a deterioration that would enable the dominant black germ to be easily suppressed and give way

to the appearance of the recessive light germ.

GENESIS 10:130. Behold: The Downward Spiral always exists as a possibility, but now, on this world, as in many other worlds, The Downward Spiral was an actuality. 131. And, lo: at the moment it was made manifest, many thousands of demonic entities of various types flocked to this world, some with bodies, some disembodied.

# **38. GODS ARE CUSTODIANS**

Both traditions teach that the Gods in leadership roles that help humanity ascend are custodians of different powers. The Nazarite Scroll names seven but the BRS names three.

ENOCH 1:34. For the Cherubim of the Tree of Life are not the forces they serve, but are the Guardians of those forces.

BRS 22:9. First of all, all reality in the universe exists in the form of a trinity. The highest holy trinity is personified in the persons of the Elders, Chiefs, and Judges. They are the creators and custodians of all that exists. First are the Elders, who are the divine unity of God. Second are the Chiefs who are the creators and custodians of all physical conditions in the universe. Third are the Judges, who are the creators and custodians of all life. The universe consists of these three things: unity, physical energy, and life. They interact with each other in various ways and result in the endless number of things that make up all reality.

# 39. BEAUTY OF THE GODS

Both traditions describe our perfect God bodies as beautiful.

ENOCH 3:1. A voice spoke, and I turned toward the Dove, but lo: She was now in the form of a beautiful woman. 2. Her skin was black, like the ebony of the persimmon tree. 3. Her long black locks reached to her waist, and Her robe was white as snow.

ENOCH 3:12. She was beautiful beyond the words of poets, for what words can describe the beauty of goodness manifest in flesh?

BRS 33:65. That was the time before the mass exodus of people who deliberately isolated themselves from civilization. Their bodies were still perfect then. They all lived to be around 7,000 years old. They stopped aging when they were between 16 and 28 years old. Senior citizens, those older than 6,000 years, appeared to be between 25 and 28 years of age. All other adults who were under 6,000 years of age appeared to be between 16 and 25 years old by modern looks, except that they were much taller and incomparably more beautiful. Their skin color was

the smoothest, deepest black. The men were about 7½ feet tall on average, and the women a few inches shorter.

# 40. INTERNAL ARK OF THE COVENANT

Both traditions mention the ark of the covenant being within us, but the Nazarite Scroll also clearly affirms there is a physical ark of the covenant box which is important for unlocking the ark inside of us.

HANUKAH 1:34. "So, let there be two covenants: The first, which is the Ark of the Covenant of the Tree of Life, which is eternal and unwritten, and the second, which is the Ark of the Written Covenant. 35. And the purpose of the written covenant is to point the way to the unwritten, which is within. 36. Yea, it is the second that unlocks the mystery of the first.

BRS 31:125. A new generation of black people is born every 1,000 years (in our natural world). Therefore after 7,000 years, there's a completion and regeneration, otherwise the black nation would perish. The probability of that ever happening has been permanently made zero by the presence of the black germ, which is called the throne of God in his temple, the body. The ancient Israelites called it the ark of the covenant in the tabernacle of God. It's a guarantee or covenant for

eternal life in the physical universe.

# 41. ANCIENT GENETIC EXPERIMENTS

## CREATED NEW SPECIES / ETs

Both traditions teach that genetic experiments took place that created different species of creatures, some of which still walk the earth. The culprit of the operation is Lucifer in the Nazarite Scroll and in the Black Roots Science it's the non-black races who had help by the Elohim after failing many times, creating ugly creatures.

NOAH 1:68. Of all the foul arts practiced on this Island, the foulest of all was that called 'Mixing'. 69. Yea, the seed of one creature was mixed one with that of another, and parts of this one combined with that one, and the egg of one scripted with the essence of another. 70. **Many wicked fruits of this black art now crept the lands**, defiling the Mother Earth.

BRS 31:31. As stated before, the light-skinned races do not have the power to perpetuate their physical existence forever. They have tried other methods to extend the life of their species. They started about 4,000 years ago, to genetically produce new races. They combined their own pro creative genes with the hardy and more enduring genes of certain insects, reptiles, and mammals to engineer new races out of themselves. Many of their genetic experiments were unsuccessful, and the leftover products, those that survived, became abnormal monsters and beasts, **some of which still exist to this day**. But with the help of the Elohim, they finally became successful and created three basic new types of races (Extra-terrestrials).

# 42. EXPERIENCING EVIL WAS OUR CHOICE

Both traditions express that the original People, who were Gods of the ancient times chose to experience evil and deteriorate their bodies and the environment around them. The Black Roots Science is more descriptive in the process and reasoning for making the decision, but the Nazarite Scroll alludes to the same truth in a semi direct parable.

ODES OF SHLOMOH 12:165. For, time in the early days of the Garden was not like time in the latter days. 166. Even my own body is altered, **though by choice**. 167. For we, the Nasareans, seeing the fall of the Garden due to Luciferian intervention, chose to stay. 168. Yea, rather than abandon this world, we chose to stay.

GENESIS 8:39. Lo: if their bodies do not die and decay, they shall not fear death. 40. And if they do not fear death, they will not worship me. 41. Yea, and if they fear not death, they will not accept the Three Bodies of Satan." 42. Behold: the Three Bodies of Satan are of three dispensations. 43. First is The Body of Fallen Flesh of Satanic Seed. 44. Second is The Body of Metals Mated with Flesh. 45. Third is The

Body of Enslaved Light. 46. And the first body of Satan prepares mankind to accept the second body. 47. And the second body of Satan prepares mankind to accept the third body. 48. And the dispensation of each body is of long duration.

BRS 32:163. I assure you that this is a (evil) condition **we chose to experience**, regardless of how else it seems in our daily lives. What causes most of our suffering is not the actual acts of evil that never seem to stop coming our way. It's really caused by the fact that we have forgotten who we are. If we could remember, and genuinely so, the suffering would only amount to experiences that we can take in stride, never missing a beat. But I admit this is hard to do.

# 43. FAKE MESSIAH

Both traditions affirm that a false messiah will rise in the last days and deceive many. Although articulated slightly different, they both allude to the false messiah coming from the bloodline of Lucifer.

GLORY OF KINGS 3:296. Wherefore, for this purpose they have created an order called The House of Zion and through that order will lay claim to Messianic Kingship. 297. And though that claim will be false, they will seduce many to serve their Messianic Pretender. 298. For, behold: in the Last Days their puppet king will lay claim to the royal bloodline, and will claim the title of Christ. 299. But in truth, their king will be naught but an anti-Christ, a puppet of the hidden powers that pull his strings.

BRS 63:8. Now, the lineages of all the children of Israel right down to the present day African-Americans are kept in the book of life by the Elohim. In a similar way, the ‘angels’ of deception – the extraterrestrials – also have their book of life in which they record the lineages of their chosen people. These ‘chosen people’ are chosen by them on the basis of genetics primarily, because they represent the best types of genes among the non-blacks that these extraterrestrial races depend on for their survival. When it comes time for them to anoint their false

messiah, they choose a person who is as close as possible to the lineage of the true Messiah, but who happens to be non-black. They cannot anoint a Black man as an anti-christ for two reasons; first and foremost no Black person's First Self would agree to such a role, and secondly, since their goal is to deceive mainly the non-black races, they stand a much better chance using one of them

# 44. RAISING PERFECT CHILDREN

Both teachings illustrate societies original role was to make perfect people. Likewise they both mention the necessity of masculine and feminine energy to accomplish this objective.

PROPHECY OF MALACHI 1:34. But know this, Oh Yisra'el: Our God and Goddess work together, in unison, to perfect their children.

BRS 9:79. The custom of performing cliterodectomies arose after the science of soul mates was lost, because the two are related to each other, as well as to the scientific way of perfecting the character of a person. The science of character perfection and of soul mates go hand in hand. Next week or the week after I'll begin to discuss biology/genetics, and it'll become clear how the ancients raised people with absolutely perfect character, in an infallible, scientific, and natural way. Sometime down the line I'll also discuss the rituals that were performed to teach pubescent youths all about sex and procreation as part of the science of soul mates. You'll see how this is tied to the perfection of character.

# 45. VIVID REALITIES

Both teachings use the word vivid to describe the state of existence or consciousness that the original people experienced before the fall.

GENESIS 9:4. And the Garden was beautiful! 5. It was a place of delight! 6. The colors of the soil, plants, flowers, and sky were **vivid and radiant!**

BRS 2:14. We are guided to travel in spirit until we reach what we call Mojako (the Gate) and receive the blessings of the Gatekeeper. Then we are assigned a Custodian, through whose eyes and mind we see the past. We are thus enabled to research and investigate the lives of our ancestors exactly as if they were living right now. The time we live in in that state we call Ditoro or 'Dreamtime'. It's not related to outside time. In just 3 nights we are able to live a thousand years or more in Ditoro. The experience of Ditoro **has a vividness that far exceeds that of modern ordinary experiences. I was taught that our ancestors lived in that type of vivid consciousness as their normal everyday experience prior to 6,000 years ago.** Our present minds have been severely 'slowed down', so to speak, due to the deterioration of our bodies, which are inferior to what our ancestors had then.

# 46. GODS AND HUMANS

## EQUAL

Both teachings edify us with a perspective that the long lived Gods see us as their descendants and even consider us equal as them because they see our spirits. Both make mention of coming from oneness.

REVELATION OF THE ANGEL 3:114. For, lo: though I am Cherubim and you are human, we are one in the Body of Christ. 115. Yea, even on Earth, the inner circle of the Nasarean Church is Cherubim, being angels on mission from Elkush.

BRS 11:79. The idea that the 24th Elder is the Supreme God is a misinterpretation. It's understandable how much Elijah Muhammad was awed by Fard's knowledge, and thus came to the conclusion that he must be an Elder and a supreme God. The King or Queen of the earth is supreme **not because of being a superior person, superior to all other Black people. There is no person who is superior to all other Black people. All Black people come from Oneness.** God (divine unity of all Black people) separated into 2 then 3 then 7 then 12 then 144 then 144,000 then 144,000,000 then after 7 generations

became 1 billion eight million. The 1B8M Black people on earth today are those very same Gods.

# 47. HUMANS WILL BECOME BABY GODS

Yet another very deep concept that the teachings echo each other on is that we short lived humans (Currently in the "First Body of Satan") will become long lived baby Gods. Although the Nazarite Scroll is less detailed about the process and even alludes to it taking on a slightly different context, its clear that through the translation of initiation language the Nazarite Scroll is referring to the process mentioned in the Black Roots Science. Both associate the event within the same time line of the Age of Peace. It would have discouraged the non-black students to know it wasn't possible for them to become Baby Gods. If they thought they didn't have a chance that discouragement could have caused them to decide to give up on the righteous path.

REVELATION OF THE ANGEL 3:221. And the blessings that will follow that Age of Peace cannot be described in human tongue. 222. **For, humans will become baby Cherubim, serving as Angels of Elohim.**

BRS 60:8. There are 144,000 perfectly preserved bodies of

resurrection in a temple underneath the great pyramid of Giza. After the reawakening, 144,000 Black people - the so-called elect - will be resurrected consciously (without dying first) into these bodies. They will become the new citizens of the perfect Society. 9. They will give birth to perfect children and increase the Nation's population. **All Black people will eventually incarnate (reincarnate) in these new-born perfect bodies until the number of the Nation reaches 1b8m.**

# 48. SEVEN YEAR CYCLES

Both teachings respect the period of seven years as point of personal completion in the development of human beings. It is reflected in the education system of children in the Black Roots Science and in the life of Mariam the Lady Christ of the Nazarite Scroll.

GODSPELL 8:257. Happy are we to celebrate Her seventh year in the garb of human flesh! 258. One cycle ends, another begins; for such is the meaning of the sacred number seven.

BRS 18:10. The ancient system of education by initiation is no longer taught in its complete form. It hasn't been taught like that now for 6,000 years. The reason is that the entire initiation system of character development took 70 years to complete in 10 stages. Each stage lasted seven years, starting from 7 to 14 and so on, and 70-77 years old being the final stage.

# 49. THOUGHTS FORM MENTAL BODIES

An additional deep teaching in agreement with each other is the way one appears in the afterlife is a reflection of their own moral or immoral character or nature. The Nazarite Scroll teaches this in parable form with a conversation to a snake alleging that the physical body on earth is a result of one's nature, but we can be assured it was a coded teaching of the lesson offered by the black roots science about life after death. The black roots science gives the same lesson, but insists its the nature and moral level on earth that determines your appearance and environment in the after life. This is the reality of lower degree teachings in fellowship with higher degree teachings, they invoke the same concepts, but slight details will vary for strategic reasons known to the teachers of the secret knowledge.

GODSPELL 8:615. Lo: Elohim creates souls, not body types. **616.**  
**Then, according to the thoughts and deeds of each soul, the soul is clothed by the form that matches its deeds.** 617. Vicious souls will take on vicious forms, not because God intends it, but because vicious souls desire forms suitable to their viciousness.

BRS 32:205. When I said that the light races will be punished by being sent to hell, I was oversimplifying. In truth, no one is sent to hell. All who go there send themselves. **They are irresistibly drawn there by their nature. After people ascend to the mental realms, their true natures become exposed.** This applies to all people, black and non-black. When you are in that state, you can see a person's true nature as plainly as you see the clothes you are wearing. The person's body is deformed in such a way as to expose every part of his/her nature. If the person has a good nature, or has learned to be moral, the body is transformed accordingly, so that you can read/see/smell/hear their true nature simply by being in their presence

# 50. ECSTASY OF DIVINE UNITY

Both traditions describe an exclusive accessibility to the ecstasy of divine unity, existing by birthright and segregating others from accessing. The Black Roots Science is very direct with this teaching whereas the Nazarite Scroll presents it as a "mystery" to be deciphered about "Love". This is where knowing the higher 360 degree concept of Love is needed for clarity. The Black Roots Science teaches that true love is heart and mind unity, which is referred to as "Divine Unity". It teaches that only people born with the black ether from the exterior of the universe (Described as 'Yah' in the Megillah) are capable of divine unity during the "Great Rituals" that happen only 7 times in the original people's 7,000 year life span. And only the original people in "Cherub Bodies" are able to live that long. Modern day people, who live in the first body of satan therefore, cannot experience this level of Love.

GODSPELL 24:12. Behold: only those who become translucent in the Clear Light of Self Illumination in Love and Forgiveness which is our Common Birthright as Sentient Beings in Yah. know the mystery of the forgiveness of Christ that is Love. 13. **And only those souls**

**experience the Great Ecstasy that is in LOVE; all others know it only by reputation.** 14. Wherefore I say, desire to know the Great Ecstasy personally.

BRS 31:16. The great rituals guarantee the perfection of a person's character while still living on earth. They are a powerful means of personality transformation. They require a continuous lifespan of at least 7,000 years in a physical body for a person to be initiated into all of them while living on earth. No person can be initiated into more than one great ritual every 1,000 years. There is no physical body that can withstand the ecstasy of eternity more than once every 1,000 years.

**ADDED INTERPRETATION:** 'Forgiveness of Christ' is indicative of unity, when someone forgives someone else, it symbolically denotes them coming back together or getting back on the same page, becoming one again, which is the concept of heart and mind unity aka divine unity described in the BRS.

# 51. LANGUAGE OF STONES

Both secret traditions teach of stones having a language. This is also a common knowledge in other African traditions.

GODSPELL 27:3. Often, Yahshua was sent by David to study in nature. 4. Lo: it was in nature that Yahshua learned the languages of birds and other creatures, conversing with them in their native sounds, as well as mind to mind. 5. **It was also in nature that Yahshua communed with precious stones and minerals, learning their hidden secrets.** 6. And those secrets are many.

BRS 59:13. 5. The Great Pyramid also acts as a prophetic 'book of stone'. It's constructed in such a way that it tells the future story of the age we are in. Every King or Queen who rules the earth builds a stone pyramid as part of their ordination. In its construction, they 'write' the future of their 25,000-year reign. **They do not write it in Hieroglyphs, but in the sizes and types of stones used, and the way they are placed, as well as the way the chambers are constructed. A person who is initiated into its mysteries can read the future**

**events of the earth from it.**

# 52. THE FIRST BLACK MESSIAH WAS IN INDIA

In a coded way, both traditions give a deep teaching that the first messiah was Rama in India. Whereas the Black Roots Science is free to say it plainly because it teaches of 7 messiahs that came once every 1,000 years when the oppression of black people became overbearing and we needed a reminder of who we are. The Nazarite Scroll is a Jewish book spotlighting Yeshua as messiah so it cannot give that type of truth about other messiah, but it cleverly says Yeshua's first mission was to go to India and there people realized he was Rama.

GODSPELL 27:27. First, You are to go to the Nasarean encampment in India as my emissary. 28. You will carry a letter of introduction written by me and give it to the overseer of the encampment. 29. **You will use the encampment as a home base from which to minister unto the people of India.** 30. After seven years, You will return to Your homeland and minister unto the Nasareans for a time, visiting the scattered encampments of Yesar'el. 31. After Your ministry unto the Nasarean nation of Yesar'el, You will launch Your Messianic Mission unto Yisra'el.

GODSPELL 28:132. As Yahshua left the orchard of the great yogi, one of the assembled pilgrims, perceiving that the departing young foreigner was Krishna come again, began to chant: "Hare Krishna, Hare Krishna, Krishna, Krishna, Hare, Hare, **Hare Rama, Hare Rama, Rama, Rama, Hare, Hare.**" 133. Lo: all the assembled pilgrims joined in the chant

BRS 11:114. **The first mahdi (Messiah) was a Black man by the name of Rama.** Long after he passed, the Hindus began to worship him as the incarnation of Vishnu. Their god Rama is based on his legend. The second mahdi was named Zarathustra, also recorded as Zorro or Zoroaster in ancient Persian legends. Zarathustra is the best approximation of how to pronounce his name. Long after he passed, the Persians started a religion based on his legend and called it Zoroastrianism. That religion is a corrupted interpretation of his teachings, as has happened with each and every messiah. All the great religions of the world are a corruption of the teachings of one of the first 6 saviors. These are Hinduism/Buddhism, Zoroastrianism, Judaism, Christianity, Islam and the Native American worship.

# 53. GODS WHO NEVER FELL

Both traditions make a clear distinction between the original world and the fallen world we live in. Likewise they both affirm that after the world fell, there remained a group of original people from the old world who never fell and stuck around to help. The Black Roots Science describe these people as the 24 Elders and the 144 Chiefs (168 total) who led the ancient world and are still here now waiting for the allotted time period for evil to be over so they can shut down all wicked leadership and restore heaven on Earth.

GODSPELL 27:102. For, behold: after the fall of Old Eden, the Nasareans atop the Mount of Peace - **who never fell but stayed in this world as helpers of the Lord and Lady** - dispersed into smaller groups and sent missionaries to many nations, even unto India. 103. Yea, Nasarean teachers came to this land, which then had no name and few inhabitants. 104. Behold: these Nasareans were the first to build ashrams in the Himalayan mountains, calling the first settlement New Eden, and calling the mountain grange New Mounts of Peace.

GENESIS 18:196. And Adam and Eve gave their testimony, how they had fallen but now were saved. 197. And this preaching of the three Nazarites to them that made the 'Approach' was called the 'Encountering'. 198. And of the several thousand who made the Approach, several hundred stayed for the duration of the Encountering. 199. And those who stayed for the duration of the Encountering and were deemed sincere seekers were invited to gather the next day in a certain place for a Gathering of the Congregation. 200. And of the several hundred that gathered with the Congregation, one hundred and forty-four heard the Qowlayah and joined the Qehillah.

GENESIS 18:207. And those who walked the path together were 157 in number: Abdiel, Ishshah, Adam, Eve, Raphah, Judah, Shirah, Adah, Re'ah, Elzabad, Omnam, Ebed, Yashar, and the 144 converts.

BRS 33:95. By the time of the birth of Yahweh, no perfect people were being born on earth. All the senior citizens who were left soon died. Eventually, at around 6,000 years ago, the only perfect people left on earth were the long-lived leaders (the 24 Elders and the 144 Chiefs). The last group of Judges passed away at the time of the birth of Yahweh. **Today the 168 leaders are the only people left on earth still with the perfect ancient type of bodies with 12 active strands of DNA.**

BRS 29:24. The original Gods choose 24 among them, 12 men and 12 women, to be the Elders of the new nation. **Then they choose 144 to be the Chiefs** and 144,000 to be the Judges. They send the Judges to lay the foundations for 72,000 towns over the whole earth in 12 separate countries.

**ADDED INTERPRETATION:** The 168 Ancient Leaders of the Black Nation are one of our most potent secrets. The number 157 is given in the Nazarite scroll because such is to be expected from presentation to the lower degree curriculum. The Tewvle Elders (Who Appear As 24 Elders) choose 144 to be chiefs, which is a conversions status, hence the 144 converts indicate the 144 chiefs. And the 13 original Nazarites who converted the 144 symbolize the 12 (24) Elders plus Yahweh and His Wife represented as one, bringing the total to 13 (26) essentially the 168 (+ 2 temporary leaders, Yahweh and his wife).

# 54. BEING FOLLOWED BY "LUCIFER"

Both traditions state that the children of Lucifer followed the righteous into lands and would corrupt the societies that was perfectly fine and peaceful before they arrived.

GODSPELL 28:27. "Know this: the original Bhagavad Gita was spoken by Me, when I appeared as Krishna in this land. 28. For, long ago, when the first Nasareans came to these mountains from Kush, **Cainites soon followed. 29. And the Cainites brought with them their dark rituals of animal and human sacrifice, yea, and warfare in the name of false Gods.**

BRS 11:45. Around 6,000 years ago, when our ancestors began migrating in large numbers, the centers of civilization kept changing from place to place. There was a time when India was the center of Black culture. Then it moved north into the area now called Pakistan. Then it switched completely after a couple of millennia to south and central America. It then moved again to Asia, where Egypt and the Middle East, including Sumer, or what is now called Iraq, became the

capital of the world. Toward the end of its dynasties, Egypt became lighter-skinned in its leadership as more social interaction occurred between Black people and the light races.

**BRS 11:47. These cycles of prosperity and misery were the direct result of the infiltration of the light races into our culture. What happened in Egypt (infiltration of our culture) happened identically on every other continent.** 48. When the misery and oppression of the people became almost unbearable, a savior always rose up among them to offer them comfort. Over the last 6,000 years there have been 7 saviors. They are called mahdis in Arabic. 49. The first savior to comfort our people was born when India was the center of the Black world at the very beginning of the existence of the light races. Since then, a savior has come approximately every 1,000 years.

# 55. LIGHT NEEDS ETHER

Interestingly enough, both secret traditions negate modern scientific opinion of lights relationship with ether. They both teach that light cannot travel or even exist without ether.

GODSPELL 30:981. Without Shemayah (Air / [Ether]), Shemesh [Fire / Light] cannot exist.

BRS 29:3. This ether extends to the boundaries of the solar system and beyond, and will soon meet up with the ethers of other star systems as they come into being, and eventually cover all space. The appearance of the ether for the first time allows the movement of light across space. Light depends on the ether to travel and be seen, just like sound depends on air to travel and be heard.

# 56. ORIGIN OF NEANDERTHALS

Both teachings give a subtle but very deep teaching that wisdom decreases if not used. The Black Roots Science uses this truth to teach about the origin of Neanderthals

GODSPELL 30:1157. Miriam said, "Know this: Wisdom that does not increase daily, will decrease daily."

BRS 33:88. While on this point of the different human 'species', let me add that no black people deteriorated to the point where they actually lost their humanity. This is impossible because even in the worst biological stage, such as that of homo-erectus, the mind of God was still incarnated in them. **They had lost almost all communication with the first Self**, but not entirely. They had enough conscience in them that they were still moral human beings. 89. A different scenario happened in Europe many thousands of years later - after the light-skinned races had been made. It gave rise to today's human-like apes. These apes came about as a result of the deterioration of the human

bodies of white people who were expelled into the mountains and caves of Europe. They were expelled from civilization by the black citizens of the cities in the middle east and North Africa. They were isolated beyond the Caucus mountains, where they were totally cut off from culture and civil life. Over a period of only 2,000 years, they deteriorated so much that some of them completely lost their humanness and became what are called Neanderthal. Others declined even further until they crawled on hands and feet and became human-like apes, such as can be seen today. These human-looking apes are the descendants of those people from about 4,000 years ago. I mention this so that the distinction is clear as to where the different human-like species came from.

ADDED INTERPRETATION: When the BRS say that lost almost all communication with the first self, this is critical because the first self (Your Spirit) is the true source of wisdom. And if you are not receiving wisdom you are making unwise choices, like the first black people who began hunting and killing animals and living isolated in the forests, those black people deteriorated into what scientists call homo erectus.

# 57. BLUE FOR PUBLIC RELATIONS

Both teachings present the color blue in association with a level of leadership that is closest and most tangible to the common everyday people of the nation.

GODSPELL 43:240. The Blue Rose is our **most outstretched arm**.

BRS 23:2. Thus whenever any major natural system is to be created, for example the colors of the rainbow, the highest holy trinity determine how it will manifest. The Elders are the highest of the three groups and have the first say in every major creation. Next are the Chiefs, then the Judges. So when the universe was being created, right at the very beginning when all was in darkness, the holy trinity came together to decide how it should all come about. The Elders spoke first, followed by the Chiefs, then the Judges. When all three have had a say, creation manifests the first three independent and primary manifestations. In terms of color, these are red, yellow, and blue. They are called the primary and independent colors because each one was created independently by each group of leaders. The Elders created

the red color, the Chiefs yellow, **and the Judges blue.**

BRS 10:9. The Judges **head every town** in complementary pairs as well, a wife and husband being the two Judges of each town. There were originally 72,000 towns, 6,000 in every tribe.

# 58. ANCIENTS LIVE ON STARS

Both traditions associate the stars with Gods and Saints. The Nazarite Scroll is more conservative with this teaching and per usual the Black Roots Science is very straight forward and direct about it. The context given in the Nazarite Scroll is more of an analogy to codify the secret.

GODSPELL 43:440. When you commune with the stars, you commune with the saints!

BRS 33:124. During this intervening 6,000 years of Diaspora, Yahweh and his angels traveled on numerous occasions in their spaceships **from [the] Sirius [Star]** to visit their chosen people on earth. Prior to the time of Christianity, they came here openly. Many instances of their visits are recorded in the Old Testament as well as in the old legends of some tribes. A well-known legend is that of the Dogon people of West Africa, who report that the Gods came from [the] Sirius [Star] to visit their ancestors.

# 59. SPIRAL OF CONSCIOUSNESS

The wisdom traditions teach that consciousness moves in a circle, but spiraling upwards once the circle returns to the beginning point. The Nazarite Scroll includes emphasis on the reality of the downward spiral where as the Black Roots Science mentions it only in one context due to the intended audience the information was presented to.

GODSPELL 46:195. Wherefore, one purpose of the seasons and cycles of nature is to provide seeds an opportunity to sprout and spring forth and then ripen. 196. And after the harvest of one cycle, we plant new seed in the spring. 197. But the new spring is not birthed by a mere rotation around a flat wheel. 198. **Rather, the rotation is that of an upward spiral and the new spring is a higher spring and the new seed are higher seeds.** 199. Wherefore, the next harvest will be even more abundant - unless we backslide and spiral downward by making a string of bad decisions.

BRS 16:45. Yakub was a great scientist knowledgeable in the entire circle of wisdom. Knowledge is called a circle because it **starts at the**

**starting point and goes around until it ends at the same point, but higher and larger.** If you will, imagine a coil or a snake coiled on itself with its head resting on its tail. The head and tail are at the same point on the circle, but the head is at a higher elevation. So it is too that the universe will end at the same point it began, which is divine unity, but at a higher level of wisdom due to the experience gained. That in brief is the true definition of wisdom, and in our language it's called a serpent due to the metaphor I just mentioned.

# 60. LANGUAGE OF TREES

The Black Roots Science mentions the Dagara tribe as one of the original tribes of Yahweh. In the Dagara tribe they mention a common rite of passage where the initiates are expected to stare at a tree until the tree reveals itself to the initiate.

GODSPELL 46:244. And when I listen to the tree, I open myself to receive the pictures that the tree sends to my mind. 245. For, lo: once the tree is aware of the way I communicate with it, it learns fast. 246. Some trees become so familiar with my mind that they learn to communicate in my language. 247. And I have learned some words of Tree Talk! 248. My question to the assembled Green Wizards is: "Do you talk to trees in this manner? 249. Or am I odd due to having lived in the trees after my family was slain?" 250. The Green Wizards affirmed that they also speak with trees, and by the same method.

BOOK OF ISHSHAH 1:4. The wisest of humankind also embraced the Green Lady, though the ignorant rejected her. 5. But though the ignorant reject her, the Dancing Green Woman rejects none. 6. Yea,

she of the Green Robe loves every child of creation as her own. 7. Wherefore it was Ishshah who, after her life as a human, became the Messenger Angel of the Mother Earth.

BRS 37:55. "The 10 lost tribes? All 12 tribes are lost! If only 10 tribes were lost where are the other 2 tribes?" 56. One is the Dagara/Dogon people of Mali and Burkina Faso. The other is spread along the east coast of Africa from Sudan to South Africa. These two tribes were never conquered by whites, and never enslaved. So they are not lost, and never were. They still practice the original religion as Yahweh gave it to them, and obey his commandments.

ADDED INTERPRETATION: The Dagara Elder Malidoma has a book titled "of water and Spirit", in the chapter called the Green Lady he discloses a secret of the Dagara initiation for teenage boys. They are made to sit and stare at the tree under the hot sun until the tree reveals itself to the boy. When the tree does this it transforms into the Green Lady who loves the children. The Dagara are another 360 degree guardianship.

# 61. DE-MATERIALIZING THE BODY IS NATURAL TRANSPORTATION

Both secrets teachings affirm de-materialization as a method used for transportation among the higher level initiates and original people. There are no contrasts between the traditions on this point.

GODSPELL 47:43. I do not reside in any one forest. 44. I reside in all forests. **45. My physical body goes where it feels called.** 46. This night I am called to Mount Hermon to greet the wedding party of the Lord Christ and Lady Christ.

BRS 57:56. There are 7 modes of transportation that have always been used. Right now we no longer use them because of the conditions of this age. **The highest form is purely mental and instantaneous (de-materialization).** The next is based on magnetic energies, and the others are light-based and electromagnetic. All of them will come back into use in the next age. The use of each type depends on the purpose and the user's level of initiatory advancement.

I hope you've seen the book by now. It includes exercises that can lead you to the First Knower in you.

BRS: 57: 113. As an initiate, he was able to de-materialize the resurrected body at will. All ancients who had completed a certain stage of initiation were able to do this because of the nature of our ancient bodies. Hence Jesus was able to move from place to place instantaneously, and to enter rooms and buildings without walking through the door.

# 62. ONE PERSON SPLITTING INTO MAN & WOMAN

Both teachings embrace an ability for original people who are soul mate couples to become one person or one person becoming two people. Neither traditions speak extensively on the specific matter, indicating its most likely still a high level secret. However Black Roots Sciences gives perspectives about the general concept, but is more focused on the science of soul mates.

GODSPELL 47:69. That woman was Hanukah, adopted daughter of Enoch, called Shebah the Queen of the Scroll. 70. She walked up to her husband, Peter ' Green Man, and hugged him so deeply **that they seemed to merge into one another.**

BRS 9:15. Here's a mystery that ceased to be a mystery for me as soon as I learned it. Every Black person, without exception, came about exactly as the 24 Elders did. If you remember, **I said the 24 Elders were originally 12 Gods and each God separated into a**

**man and a woman.** We are told that this happens with every two Black people on earth, brothers and sisters. Before you became a brother or a sister, you were united as One with another. You then separated to be born as a boy and she as a girl.

# 63. YESHUA HAD MORE THAN 12 APOSTLES

They both teach that there were more than 12 apostles who walked with Yeshua. The Nazarite Scroll is far more detailed on this subject than the Black Roots Science for obvious reasons.

GODSPELL 50:5. Those that accompanied the Lord and Lady on all or most of Their long journeys after Their wedding were called, The Traveling Companions of the Lord and Lady. 6. They consisted of the following thirty persons. 7. The first twenty of the thirty were: the first seven disciples of Miriam, the first twelve of Yahshua, the first disciple of the Co-Messiahship. 8. The next seven - which brought the total up to twenty-seven - were the seven that were added just after the wedding at Gan Shalom. 9. The last three to be added to the number - **bringing the number to thirty** - were added when the companions reached Alexandria

BRS 35:7. So where did this idea come from? It was introduced to Christians by Paul. The Christians call Paul an apostle. If you know anything about the story of Jesus, you'll remember that Jesus had 12

apostles. There were others also who followed him and his teachings as he moved from place to place, and some of them perhaps could be called apostles, especially if Jesus gave them permission to spread his teachings.

# 64. TRINITY OF TENS

Interestingly, both sacred teachings invoke and identical the concept of a “Trinity of 10’s”. The concept is highlighted similarly in association to building a body of helpers, assistants or apostles around the nucleus of divine leadership. Neither expounds on the concept in any descriptive manner. This most likely indicates the subject has a high level secret significance.

GODSPELL 23. Yahshua spoke to them, saying: “Behold: You are The Fellowship Of Trusted Travel Companions Of The Lord And Lady. 24. After this visit to nearby Carmel, we will go to Alexandria where three more will be added to your number, **making thirty, a trinity of tens, a powerful number indeed!**

BRS 25:4. Now, by repetition of the number 12, the Gods surrounded themselves with 12 assistants each. They became the 144 Chiefs. By using the number **10 repeated 3 times for a total of 1000 (10x10x10)** **the 144 Chiefs chose 1000 assistants each, who became the 144,000 Judges.** By symmetry of soul mates, the 12 Gods became 24 Elders, and hence all the Chiefs and Judges also were chosen in soul mate couples, every man and his wife, every woman and her husband. The 144,000 Judges did like the Chiefs and chose 1000 people each to

lead in their town, and the population on earth became 144,000,000.

# 65. SPIRITUAL BODIES

Both traditions teach there are more bodies than just the physical body. The Black Roots Science names 12 bodies total, 7 physical and 5 spiritual. The Nazarite Scroll is missing the 7 physical bodies, which is consistent with the Black Roots Science teaching that the lower lever non-black initiates of the 36 degree system, were not given the knowledge of the 7 physical substances that play a role in all things created. However the Nazarite Scroll still contains the same truth that there are spiritual bodies aside from the flesh body.

GODSPELL 55:266. The emotional body and our entire subtle anatomy interpenetrates the physical body and interfaces with the soul. 267. Thus, the men and women who are the Master Healers of Shevet Raphaim, the Tribe of Healers, treat not only the physical body but also the subtle bodies.

GODSPELL 58:202. The bottom level at the base of the pyramid represents 'The Physical Body'. 203. The second level up from the bottom of the pyramid is labeled 'The Feeling Body'. ft 204. The third section up from the bottom is 'The Thinking Body'. ft 205. The fourth section - the top level - of the pyramid is the level of 'Soul' and thus is labeled 'The Spiritual Body'

BRS 60:15. In addition to the physical bodies, we have 5 'spiritual' bodies. The most subtle is the Mental body, followed by the body of Will, then the Emotional body, then the body of Desire (new-agers call it the astral body or the animal body) and finally the body that is made up of our Actions. New-agers lump three of the bodies (Emotional, Will and Action bodies) into one that they call the Soul body.

This is an interesting point because the Batswana say new agers use Soul Body for Emotional Will and Action bodies, yet the Nazarite Scroll uses the word soul and spiritual body. This could indicate that the Nazarite Scroll could be a compilation of ancient African teachings with newer teachings or possibly mistranslations and or interpretations of the teachings.

# 66. 'DENSITY' FORCING COMPROMISE WITH DIET

Both traditions insist that "the fall" from the original days effected the diet. Both teach the original diet of humans is vegetarian with no animal products included in the diet. But they also both show varying degrees of 'compromise' due to how heavy this wickedness is now a days. The varying degrees of compromise could be attributed to the fact that these teachings are 2,000 years apart.

GODSPELL 58:57. In these days, most Nasarean Edenites, like other Nasareans, partake of animal products in moderation, especially favoring fermented goat milk products such as yogurt, but are very choosy where they obtain it. ><sup>58</sup> It is true that in former days many more Edenites abstained from all animal products; but, over time, it was noticed that many of them suffered from nutritional deficiencies as the atmosphere of the planet became more dense. 59. For many years I chose to abstain from dairy products as part of My yogic fiapas' - ascetic disciplines but now I choose to eat some.

BRS 16:20. Human beings are vegetarians under natural circumstances. At present our bodies are in a less than natural state, so the eating of foods like cow milk is necessary, as well as a little meat, but much less than people usually consume. There are enough proteins in plant foods to nourish even the most active people, so it's possible to live completely without meat, as long as one takes a little milk

ADDED INTERPRETATION: In this instance the word 'necessary' used to describe 'a little meat' is used by human error as evidenced by the writers last sense in the verse "*There are enough proteins in plant foods to nourish even the most active people, so it's possible to live completely without meat, as long as one takes a little milk*". If its possible to live completely without meat, then a little meat is not necessary. One can conclude that the writer intended to use a better word to allude that a little meat is acceptable in certain instances.

# 67. 33 LEVEL MYSTERY SCHOOL

Both traditions represent hidden wisdom and describe the mystery schools as having 33 & 36 truths. The Black Roots Sciences distinguishes itself from the wisdom of the 33 level mystery schools in favor of a 360 truth system from which the 33 truths were borrowed from.

GODSPELL 63:348. The human being has thirty-three vertebrae and, patterned after that, there are Thirty-Three 'rungs/levels' within The School of Raphaim within Green Wizards of The White Rose within Essene Mountain of Peace Mystery School

BRS 2:22. Our knowledge was established 6,000 years ago into a coherent system of initiation rites by Yakub, whose real name is Yahweh. He divided the knowledge into 3 compartments. The first - and highest in this age - consists of 360 degrees of knowledge. It is this system in which I am initiated. 23. The second consists of 36 degrees of knowledge. It is upon this system that the mystery temples of ancient Egypt were founded. That knowledge is called the wisdom of

the 36 neters. 24. The third and final system consists of 33 degrees of knowledge. Yakub/Yahweh established it for teaching the light-skinned races. In ancient times, the most intelligent of them were recruited from their countries into the Ethiopian empire (including Egypt and the Middle East). They were taught the 33 degrees of knowledge and then sent back to their homelands where they established secret societies. The most predominant still in existence today are the so-called Freemasons. The Rosicrucians and Theosophists are the highest practitioners of the 33 degrees, and from them come the others such as the Templars, White Brotherhood of Light, Illuminati and other light-race secret societies

# 68. THREE: NUMBER OF REALITY MANIFESTATION

Both teachings describe the number three in association with manifestation and reality.

GODSPELL 65:65. Whereas the Duad consists of the Two Sex Partners of Procreation, 'Threeness / Triad' represents the **Actual Fact Of Their Procreation: Three is what happens after the Two do their Creative Dance of Manifestation In Geometric Form.**

BRS 22:3. 1 is the number of divine unity, the beginning and end of all things. 2 is the number of equality or soul mates, man and woman. **3 is the number of reality manifestation**, called the holy trinity of doer, deed, and action. The origin of the other numbers will be explained in what follows

# 69. SEVEN NUMBER OF COMPLETION

Both traditions declare the number 7 for completion, despite giving different reasons to support the perspective.

GODSPELL 65:106. Because Seven is the first number in which both a Whole Triangle and a Whole Square have manifested, it is considered a '**Number Of Completeness**'.

BRS 22:8. From this three or trinity, God divides further and becomes **7, which is called the number of completion**. This number belongs to all complete and perfect natural systems; for example the seven colors of the rainbow, the seven tones of music, the seven openings in the human head and so on. So all perfect and complete natural systems come in sevens, that's why seven is the number of completion. The reason it's seven is as follows:

# 70. MEMORY RECALLS

Both traditions give instructions to do memory recalls at the end of the day. The Nazarite Scroll gives a brief recommendation, but the black roots sciences an in depth exercise with context and deeper purpose behind the instruction. The contrast seems to originate from the intended audience.

GODSPELL 66:229. Each night when you close your eyelids in bed just prior to sleep, review what you did that day

BRS 42:9. So choose a 15-30 min time interval on the first day, between 6pm and midnight. Deliberately notice as much as possible and store it in your memory. Make sure to notice the EXACT starting and ending time of your observation. DO NOT WRITE IT DOWN YET. 10. Write everything you remember just before you go to sleep that same night. IT'S IMPORTANT TO WRITE IT DOWN JUST BEFORE YOU GO TO BED, WITHIN AN HOUR OR SO, NOT BEFORE THEN.

# 71. SILVER CHORD

Both traditions teach of a spiritual cord binding the soul to the body. The Nazarite Scroll calls it a thread of light but the Black Roots Science calls it the magnetic connection.

GODSPELL 77:204. After everyone joyfully hugged one another and gave thanks for this seeming miracle, Yahshua said: "This was only possible because the 'Thread of Light' that connects a soul to a particular physical body was not yet severed."

BRS 31:3. At the instant of unity, the magnetic connection (the so-called spiritual cord) that linked them to the physical body is severed automatically, and the body is permanently abandoned, and left to be buried by family and friends. Today people ascend the same way, but they do so unconsciously. Moreover, they die not of their own choosing, but either by 'accident', disease, or other causes

# 72. PAUL A FALSE TEACHER

Neither teaching is fond of Paul, they agree he brought false doctrines to the community.

Appendix A Verse 32 Paul, do you know that, like Peter's, the version of the gospel that you previously persecuted and now claim to lead is but a schism off the True Way? 33. For, lo: not only do you follow Peter in his error of rejecting the Divine Feminine and the right of women to equality and the Priesthood, but you even go further in departure from the True Way. 34. For, behold: at least Peter preserved the Nasarean rejection of slavery whereas you declare it acceptable, even permitting one Christian to own another as a slave! 35. Know this: I walked with the Lord. 36. I know that the Lord would never permit one of his disciples to own another person as a slave! 37. Your teaching on slavery is the opposite of that of the Lord! 38. The same is true of your teaching - and that of your disciple, Timothy - that vegetarianism is a demonic practice: that is the opposite teaching of the Lord I walked with; He taught that eating meat is demonic!

BRS 21:16. The third fact that Jesus came to remind Black people of is that the Black woman is God, just as perfectly as the Black man. Two thousand years ago Black people who lived in the middle east (especially in the region today called Israel and Palestine) had been under the influence of the light races for so long that they had adopted some of their oppressive customs, especially the evil custom of oppressing women. They believed the lie that the woman was made from the man's rib. People such as Paul "the apostle" and his followers did the most damage, after Jesus was gone, in furthering this lie. Jesus not only taught that the Black woman was the Black man's equal and soul mate without whom neither one is complete, but he actually demonstrated this truth in his relationship with Mary of Magdala. He developed a relationship of equality with this Black woman and elevated her to a status beyond even his male disciples. They were initially outraged by his attitude, but soon learned the truth they had forgotten.

ADDED NOTES: There are other false doctrines of Paul both texts describe. The Black Roots Science says pauls introduction of the Rapture is false and was given to him by extraterrestrials.

# 73. DIFFERENT SPECIES OF EXTRA- TERRESTRIALS

The secrets mention extraterrestrial species interfering with humanity and classify them into different family groups. The BRS gives the most descriptive account of the family types and where they originated, but the Nazarite Scroll also touches on it.

GODSPELL 53:21. “Behold: **the first Seraphim were of the Reptile Family**, of the most vicious kinds. 22. Know this: each soul wears whatever form of flesh that most fits its thoughts, desires, and actions, unless on an undercover mission from above. 23. And the most dangerous of the Seraphim were the race called ‘dragons’, and not only because they were the most vicious. 24. Lo: vicious they were, but other reptilians are just as vicious.

BRS 31:31. As stated before, the light-skinned races do not have the power to perpetuate their physical existence forever. They have tried other methods to extend the life of their species. They started about

4,000 years ago, to genetically produce new races. They combined their own procreative genes with the hardy and more enduring genes of certain **insects, reptiles, and mammals** to engineer new races out of themselves. Many of their genetic experiments were unsuccessful, and the leftover products, those that survived, became abnormal monsters and beasts, some of which still exist to this day. But with the help of the Elohim, they finally became successful and created three basic new types of races.

# 74. ETs KICKED OFF OF EARTH

The secrets both give a fascinating teaching about how Lucifer / ETs that came as result of genetic experiments once crossed the line on earth to the point where the Elohim had to intervene and kick them off of the planet.

BOOK OF NOAH 12:2. Behold: Just as they arrived at the port, the Lord and Lady appeared in the sky above Atalya. 3. Yea, and Their voices filled the sky, as They declared: "Children of Earth, the time of the banishment of the false God, Lucifer, has come!" 4. Then, behold, all of the Seraphim were transported from their beds or wherever they stood, and were instantly within their sky ships. 5. And this was not their doing, but the doing of the Lord and Lady. 6. And then the sky ships were hurled into space, far from Earth. 7. And, again, this was not the doing of the Seraphim, but the doing of the Lord and Lady. 8. Yea, Lucifer and his Seraphim were banished from this world, and it happened in a blink of the eye. 9. And, lo: this happened not Just at Atalya, but all over the world. 10. Yea, wherever there were Seraphim on this world, they were cast away into space. 11. Behold: The Laws of Intervention limit this kind of intercession by the Lord and Lady. 12. But Lucifer crossed the line of what will be permitted on this world. 13. And if he or others again

cross that line, again the Lord and Lady will intervene. 14. For, thus They have declared, and Their word is true. 15. Amen.

BRS 60:59. On your last question: The Annunaki are not the Elohim. They are a race of human-looking (now extra-terrestrial) beings that remained on the earth for about 200 years after their appearance. They colonized a part of the middle east near Iraq and Iran, and they used the people who lived there as servants. There have been wars between them and other extra-terrestrials, some involving nuclear bombs. The Elohim expelled all the et's from the earth shortly thereafter. They continued to fight with each other on and off for a short period, but soon stopped when they all developed weapons with which they could totally annihilate each other. So they have fought with each other in the past, but never with the Elohim. The Annunaki permanently left the earth after their prolonged stay and have not returned since. But they will be back along with the rest of the et races in the near future, as the cycle winds to an end.

# 75. LOCATION WHERE ETs WERE CREATED

Very surprising to me when I decoded this revelation that both teachings actually give the same account about the general location where genetic experiments took place to created extraterrestrials. This similarity did not immediately jump out at me and i actually had to do a little linguistic decoding, but I thank the God of our Ancestors for showing me this revelation because i know many people will appreciate this information. First let's see what the source documents say about the locations.

BOOK OF NOAH 1:44. Lo: Some of the arts of warfare were kept secret from the humans, for fear that they might rebel against the Seraphim. 45. Wherefore, Lucifer and his generals lived on an Island, where they kept their most powerful weapons and means of travel. 46. Behold: They had ships that flew in the air like birds. 47. Some of those ships were small and carried only a few Seraphim. 48. But some, like the one that first brought the Seraphim to our world, were large enough to carry many. 49. Yea, and the large sky ships could fly amongst the stars. 50. And the Seraphim general in charge of the large sky ships was named Kokav'el, which means Star of God. **51. And the name of this Island was Atalya.** 52. And from Atalya

came many wonders and abominations. 53. For the palace of the false Yahweh was a castle of black wizardry. 54. Yea, evil smoke circled overhead, foul and toxic to humans. 55. Here they made small ships to fly in the sky, but behold: Only the Angels of Lucifer, who were the Seraphim, were permitted the knowledge to fly them. 56. And the general of the small flying ships was named Ra'm'el, which means Thunder of God. 57. And here is where they made their staffs of fire, like the one that killed Abdiel. 58. And the general for the making of the staffs was named Barak'el, which means Lightning of God. 59. And here is where they made their poison gourds that exploded with fire. 60. And the general in charge of the **making of the exploding gourds was named Ziki'el, which means Fireball of God.** 61. Behold: The only humans permitted on Atalya were slaves, Cainite soldiers to guard the slaves, and the wives and children of Lucifer. 62. Even the children of Lucifer remained on the Island only long enough to be trained in the dark arts. 63. Then they were sent to various lands to do the bidding of Lucifer. 64. The several thousand slaves were kept for their labor. 65. Lo: The slaves were kept in ignorance and fear. 66. Yea, they believed their masters to be Gods. 67. They had no love for their Gods, but feared them. 68. Of all the foul arts practiced on this Island, the foulest of all was that called 'Mixing'. 69. Yea, the seed of one creature was mixed with that of another, and parts of this one combined with that one, and the egg of one scripted with the essence of another. 70. Many wicked fruits of this black art now crept the lands, defiling the Mother Earth.

BRS 60:55. Now, the actual experiments where the Elohim took part to successfully produce the et's were done in 3 different locations - one in the middle east, another in the area near the **Adrian sea where Greece and Turkey are now located**, and the third in central America. The reptilian beings were produced in central America, the insectoid beings (greys) in the middle east and the mammalian beings in that part of Europe where Turkey is. The names of the earth race people involved in these experiments are none that you would recognize. They are not recorded anywhere in known history.

ADDED INTERPRETATION: The Nazarite Scroll names the island of Atalya and Black Roots Science names the Adriatic Sea. Here's what's interesting, the etymology of Adriatic brings you to the word Adria... In linguistics, the letters D / T are interchangeable. Therefore Adria is also Atria. The other linguistic key is the Letter R / L are interchangeable as well. This means Atria is also ATLIA. This is just one vowel sound from Atalia (Which the Adriatic Sea is on the eastern border of ITALY), but there is more.

Black Roots Science mentions this as the location where the humanoids such as the annunaki were created and charges them with using nuclear bombs. And the Nazarite Scrolls says that exploding gourds aka bombs were made there on the island of Atalya. The scroll also says that slavery was taking place here and the BRS also attributes the annunaki for using humans as servants. Funny enough, bordering the Adriatic sea to the east is

YUGOSLAVIA. Slav being in the etymology of the word "slave". There is no doubt in my mind that the dark history of this area contributed to the present day name because such is the nature of secret societies. With this evidence I am prepared to assert that the hidden powers aka Illuminati aka the synagogue of Satan is very well aware of the history of this area and for that reason, the vatican, which is the throne of Satan on Earth, is located in Italy and Yugoslavia is somehow a tribute to the esoteric history of that area. This is my own intuition and I am not passing it off as a concrete fact, but I'm passing it off as a very much acceptable perspective.

# 76. 144,000 ASPECTS OF THE SPIRIT

Both traditions describe the 144,000 number to describe a spiritual construct of the human being. The Nazarite Scroll gives it in an Indian context describing 144,000 nadis, whereas the Black Roots Science give it in a unique African Context not found in any known sources.

GODSPELL 61:774. Beten-Jahlah teaches that there are 144,000 'Overseer Nadis' - 'Chief Nadis' - that are the main canals that carry Chai to the Subtle Anatomy that is linked to the human chakra system. 775. 72,000 of those Chief Nadis can, potentially, be activated on the exhale - the Shemesh-led half of each One Whole Breath or 'Dance' - and the other 72,000 can potentially be activated on the inhale, the Shemayah-led half. 776. If those 144,000 Nadis (72,000 plus 72,000 equals 144,000) are ever simultaneously devoted to Universal Love in Christ Consciousness, you will enter Walking Samadhi whereby you walk from Spiritual Alexandria - The Sixth Chakra - into the New Jerusalem of the Seventh Chakra - Spiritual Ethiopia - and then back into the world as a Baby Christ.

GODSPELL 80:82. "Also: 'As above, so below': your own body has 144,000

Chiefs of Peace' awaiting enlightenment; when they are all flowing peacefully, then you are truly a Messiah of Peace!

BRS 33:102. So the physical body is the micro-cosmos from which is projected the macro-cosmos, the universe, using the mind. Ultimately, everything is a projection of the mind. But the mind is anchored in the physical body, and has 144,000 'anchor points'. These anchor points are the foundation of all creativity in that all things are the physical manifestation of the 144,000 aspects of God's perfect morality. The aspects are centered on God's throne or altar in the body, which is the black germ, the center of all creativity.

**ADDED INTERPRETATION:** It's note worthy that both traditions associate the number 144,000 with an ancient level of leadership. Black Roots Science associates it with the lowest level of "Judges", whereas the Nazarite Scroll associates it with the mid level of "Chiefs".

Also the Asiento of 1713 contracted for the sales and purchase of 144,000 Africans to be sold into American slavery for 33 1/2 crowns each. This shows that the Colonial Powers are aware of this truth and they made that contract as a ritual to oppress and control not just our physical body but every single aspect of our spirit. This is High Science Magic they have worked on us so now we must reverse the curse with the power of the cornerstone.

# 77. 144,000 RULERS OF EARTH

Both traditions mention 144,000 people playing a leading role in triggering peace on earth. The Nazarite Scroll calls them messiahs of peace and the Black Roots Science calls them the 144,000 judges. Ancient leaders of the Black Nation that will be resurrected.

GODSPELL 80:78. I invite you to join Me as, united in / The Way of Peace, we together actually are a Group Messiah of Peace! 79. One Messiah of Peace can do some good 80. Ten thousand Messiahs of Peace can do much more good! 81. Yea, and with 144,000 Messiahs of Peace, even the lion will eat grass beside the lamb!"

BRS 57:118. The bodies are preserved for the people who are to become the new Judges of the Black Nation. They are to be the foundation of the new society. Each new society requires a minimum of 144,000 people, 72,000 men and 72,000 women, in order to form. This number is the minimum required for the necessary genetic variety to avoid in-breeding. It is from them that the population will grow until it reaches the maximum of 1b8m. The number corresponds to the 144,000 aspects of life, as each

Judge embodies one of the aspects. As they begin to give birth to new generations in the coming 1,000 years and beyond, they will rebuild the society of the Black Nation.

# MOUNT KENYA COMPARISON

From this point forward, the report will compare the secret knowledge from Mount Kenya College of Seers (*from both Yamumbi.com and private conversations I've had with the Chief Seers Messenger*) and the Nazarite Scroll.

# 78. THE SEAL OF THE HOLY MOUNTAIN

Both Secret Traditions depict the seal of the Holy Mountain High Council being the triangle inside a square inside a circle, which is unique from other ancient symbols. With this symbol being found in the Nazarite Scroll it shows a definitive relationship because this seal is of the highest caliber in regards to Gikuyu Secret knowledge. It should be noted that only the Chief Seer of the Council of Seers is permitted to do the ritual involving this symbol, which he does before defying gravity and flying around the peaks of the holy mountain.

GODSPELL 8:258. One cycle ends, another begins; for such is the meaning of the sacred number seven. 259. Lo, Ishshah'el sang to Miriam a song. 260. She sang with voice like unto forest and flowers, waters and winds. 261. And these are the words she sang. 262. One cycle ends, another begins. 263. In the Sacred Seven, the Triangle and Square are wed

Yamumbi.com: Triple S TSC Shrine: **The arch elder pours water on the holy ground to form a Triangle pattern. On the outer perimeter he forms a Square pattern and finally he ends by encompassing the Square with a wider Circle pattern.**

# 79. ZION MEANS PEACE

To this very day, scholars cannot identify the etymology of the word Zion. But we the Gikuyu have provided this to the world years ago. Zion, which is the biblical mountain everyone has been talking about means peace. And the Nazarite scroll agrees because it calls the holy mountain "Mount of Peace".

GENESIS 19:78. Behold: the Luciferians could not climb the Mount of Peace in the center of the Garden, whereat was the Nasarean Qebutsah. 79. For, they were too dense to ascend that path. 80. Therefore they could not harm the Nasareans in their homeland.

MT. KENYA: During my induction ceremony Mr. Kamitha declared "Zion means 'Thaio' and Thaio means Peace"

# **80. MT. ZION WAS IN THE GARDEN OF EDEN**

Very unpopular knowledge, both traditions place the location of Mt. Zion in the Garden of Eden, unlike the mainstream Bible.

GENESIS 7:88. Yea, the center of Kush would be the Garden of Eden, the Birth Garden, once The Seed of the Tree of Life was planted. 89. And in the center of the Garden was a Holy Mountain. 90. Lo: atop that Holy Mountain, Abraham and Sa'arah would plant the holy Tree of Life.

MT. KENYA: During a on video speech Mr. Kamitha revealed shocking details about Mt. Kenya. He said, "In history they call this place Ta Neteru, in the Bible this is called the Garden of Eden".

ADDED NOTE: I was very surprised to hear him say that because I never seen Mt. Zion associated with the Garden of Eden until I read the Nazarite Scroll, but know I understand simply that Mr. Kamitha has already been exposed to the authentic biblical scrolls and thats just the way the ancient versions read.

# **81. HOLY MOUNTAIN AT CENTER OF KUSH**

The secret teaching of the Nazarite scroll places the location of the Holy Mountain at the center of Kush. Google map the location of "Mt Kenya" is all you need to do for this one.

GENESIS 7:88. Yea, the center of Kush would be the Garden of Eden, the Birth Garden, once The Seed of the Tree of Life was planted. 89. And in the center of the Garden was a Holy Mountain. 90. Lo: atop that Holy Mountain, Abraham and Sa'arah would plant the holy Tree of Life.

**Yamumbi.com: MOUNT KENYA WATER TABERNACLE (KIGONGONA GIA KIRINYAGA – JUBILEE CEREMONY)** | It is worth noting (that the equator, an imaginary line dividing the world into two spheres, North and South passes through Mount Kenya .

# **82. VANISHING RAINBOW DRAGON RITUAL**

Astonishing wisdom meets in the middle again about a vanishing creature of the old world providing a feather. Ndamathia is a creature in Kikuyu folklore that lived in the rivers. For leadership to pass during 'ituika ceremony (once every 30 years)', the next generation which is to become the new ruling generation, had to pluck a tail feather from the creature it after enticing it with beer. Its description was a rainbow reptilian and the English bible translation is "Dragon".

GODSPELL 16:99. And then, behold: a beautiful bird clothed with a rainbow appeared in the garden. 100. And this was the holy Phoenix of Old Eden, whose ancient lineage is from Madhebah.

GODSPELL 16:70. Lo: The Phoenix returned to his hidden abode, but not before gifting Yahshua with a magic feather! 171. The Holy Bird said to the Holy Child, "You may use this feather once. 172. It will grant You one wish. 173. You may use it Yourself, or give it to whomever Your heart chooses. 174. If You give it to another, they must use the wish and not pass on the feather. 175. For, behold: the feather can be passed but once from You to

another who must use it upon receipt. 176. Otherwise, the feather will have no potency." 77. Then the Holy Phoenix vanished and, lo, Yahshua put the feather in his long braid of never-cut, black locks

ADDED INTERPRETATION: Mr. Kamitha discussed this ritual briefly with me and informed me the true ituika deals with the Seers resurrecting an ancient dinosaur animal in order to pluck two feathers from the creature that is needed for the ituika ceremony. There is an old Kikuyu song stating the dinosaur would actually vanish afterwards, but not before taking one of the attendees of the ceremony with it. This is no doubt the origin of the Nazarite story about the rainbow bird giving a feather to Yeshua and then vanishing.

# 83. UNIVERSE GOVERNED BY LAW

Like the Black Roots Science and the Nazarite Scroll, the Gikuyu traditions also agree that the universe is governed by law.

GENESIS 4:7. “And Our universe will be governed by Law that is Just and Merciful; yea, the Justice of Jah-Jah shall be tempered with Mercy.

**Yamumbi.com: Mount Kenya Formation** | According to Gikuyu Seers, Ngai the Creator of heavens and earth and the only Ngai, decided to create a physical world that observed His natural laws for physical survival. A world symmetrical to the world of spirits that is governed by the will of spirits, these two worlds are superimposed on one platform but would not collide because they are in different dimensions. The intelligence in the spiritual world stems from the original experience gained in the previous physical world. In life we live by law, in death we live by will. When we refuse to be governed by law we no longer belong to this physical world. We die by the action of law called demise.

# 84. "MOVING YOU FROM THIS WORLD"

There is a narrative correlation where angel like characters were approached by a divine character with the power to remove them from their physical location and bring them elsewhere. What is interesting is between the Nazarite scroll and the Sacred Gikuyu Creation story, the context is opposite where the Ethereal Nazarites have the option of leaving the evil world and going to a peaceful world, but gikuyu was being removed from a dimension of spirits to be brought to earth where he can do good or evil. This seems like two different things, but in the world of sacred knowledge this is an indicator of related knowledge.

GENESIS 20:25. Because each resident of this Qebutsah deserves to live in an ethereal body - for, if you did not deserve that, you would not now have such bodies - you may ask now and I will remove you from this world and take you elsewhere, for the Lamb and the Dove have given me that power. 26. Behold, I will place you in a world like the first Kush, that did not suffer Luciferian attack, and has not been polluted.

Yamumbi.com: I am removing your presence in this dimension, where you live life of an angel, to a physical dimension that you are at liberty to do good or evil. I am taking you there to bring forth your own offspring who will fill the earth and when they die, I will call them to this spiritual world because they have a share of my soul through you.

# 85. TREE OF DEATH

Both teachings mention the tree of death and becoming ill. The tree of death in Gikuyu Sacred Traditions is apart of the "3 days death" ritual to activate the mind during admittance into the high council of seers. The Nazarite mention of the tree of death is likely a coded indicator alluding to sacred rites of the high council, whom were likely teachers of the Nazarites.

PROCLAMATION OF ISAIAH 2:64. For, you have become ill eating the fruit of the Tree of Death. 65. And the Nasareans come to you as healers, to feed you fruit from another Tree. 66. Yea, they bring you fruit from the Tree of Life.

GODSPELL 45: 12. Let the Green Wizards converge on the tomb where My body will be taken after I am crucified. 13. This is a tomb that has been purchased by Joseph the Ari-Mattitya and held for this very purpose. 14. In it are kept healing oils and herbs. 15. Mind you, this is a tomb like rich people have, not a grave. 16. A dozen men and women can comfortably stand inside at one time. 17. Joseph the Ari-Mattitya, at My request, has arranged that Lions of Zahyen will present Miriam to the Roman soldiers to receive My body, for She has that right, as widow. 18. The Lions will bring Miriam and My

body to the tomb. 19. There the first herbal treatments on My body must begin in earnest. 20. For your Job, Green Wizards, is to preserve alive as much of the tissue of My body as possible. 21. You will anoint My body with

herbal salves and chant enchantments on behalf of this mission. 22. The mission is as follows. 23. Take custody of My body at the tomb. 24. Anoint My body with healing salves, then take it to a Nasarean safe-house. 25. For three days while you work on My body, pray and enchant for My success in cleansing the between-lives vortex. 26. "Your role keeps Me linked to this earthly realm enough to stay in the vortex for three days and cleanse it; otherwise, I would pass right through the vortex. 27. After three days you will feel My success via our prayer bond, and you will know that the time has come to enchant Me back fully into whatever living cells remain in the tissues of My body.

Yamumbi.com: For a seer to posses the ngungi powers, three herbs are administered. The first herb extracted from a plant they call tree of death, induces the initiate to a state of coma. The second herb extracted from a tree they call the tree of wisdom, is administered to deactivate the conscious mind. In this state the brain relocates its activities to a new site in limbic otherwise a dormant part of the brain to substitute the "impaired" brain. The third herb extracted from a tree they call the tree of life, reactivates the conscious mind and awakens the initiate from coma. In the process, the initiate becomes very ill as a result of the herbs. All the body skin peels off and the mouth becomes septic. The initiate is put on liquids for days or weeks depending on individual degree of recuperation. It should be noted, the Chief Seer from time to time monitors the healing process of the initiate by raising the patients right hand from his lying position and lets it have a free fall. When the initiate recovers, the chief seer tests the dimension of the wisdom acquired.

Despite the ability to overcome the gravity and flying at will or creating a

force that drives an object from point A to point B, the initiates are known to acquire other powers in other dimensions. For instance it is known they acquire deep insight in astronomy, mathematics, surgery, herbs, geology, radiation, psych, magic, sooth saying etc. But unfortunately the law of silence does not allow this wisdom to go public. When the need arises, they release it in piece meal. However, the most highly protected wisdom is the way a seer permeates the walls. If the general public acquires this wisdom, the seers are well aware they would be held responsible.

# 86. WATCHERS OF TIMES

Both traditions recognize the high council (which is the hidden council) the role of being watchers of the times.

BOOK OF MOSES 4:61. Yea, the Zeroah Nistar are also called 'The Watchers of Times. 62. For, behold: There are seasons and cycles for all things.

YAMUMBI.COM:ASTRONOMY | The community knew some events took place in cycles, some occurring after every decade, others after every fifty years and so forth. In order to keep a steady and accurate source of information in form of records, a college of seers was formed. It was sacerdotal in nature because of its mandate- revealing about heavenly secrets. Every individual seer became a moving encyclopedia of his discipline. In sending out the message , they go down to the lower grade of elders who offer the burnt offerings, then those elders in turn send the message further down until it reaches the ordinary members of the community. After keen observation of firmament bodies, they realized the accuracy in the movement of the moon, the sun and the stars. In time, they put together the acquired knowledge and became the first concept of a calendar.

# 87. 49 DAYS ON MT KENYA

Both traditions associate the time lines of both 40 days and 49 days with the holy mountain in similar and opposite ways. Both Gikuyu and Moses fasted for 40 days, but Gikuyu waited until after the 40 day fast to ascend the mountain whereas moses fasted why already at the top of the mountain. Gikuyu ascended the mountain on the 49th day of his journey from home where he left his wife and daughters and moses communed with his wife and her 7 sisters on the mountain for 49 days where he left them while he left on his journey for Egypt. Once again we see the same story line with opposite activities taking place as if it was intentionally established this way.

BOOK OF MOSES 6:48. After his fast of forty days, Moses remained on the Mount with his wife for another forty-nine days, gaining strength for his journey. 49. After the forty-nine days, he asked that his wife and her sisters remain on the Mount and await his return, for the journey would be dangerous.

Yamumbi.com: He left Nyagathanga and headed for Mount Kenya. After six days of spiritual walk, he arrived in Mount Kenya. On the seventh day, he rested. On the eighth day he started fasting that took forty (40) days. On the 41st day he collected honey and wild bananas, and ascended the Mountain. He found a suitable place to offer his sacrifice.

# 88. NO SLAVERY

The Gikuyu Tribe did not believe in slavery so they didn't have slaves nor did they help Arabs or Europeans to capture Africans to be sold into slavery. In fact if slave traders came into Gikuyu territory they were killed.

MOSES 8:12. For, lo: slavery is evil and none should be in bondage."

yamumbi.com: From this date the Kabiru settled to guard their treasure and sealed off Mount Kenya region from foreigners, this sheds light why slave trade did not take place in Mont Kenya region.

# **89. RED IS FOR PROTECTION**

Both traditions teach red is the color of protection. This is not exclusive to Mount Kenya College of Seers.

GODSPELL 43:241. The Red Rose is our trained army of goodness that protects the Blue Rose

MT. KENYA: Mr. Kamita explained the hidden meaning of the colors on Kenya's National flag saying, "Red is for Protection, Green is for Spirit and Black is for God".

# 90. THE GREAT PYTHON

Mount Kenya College of Seers peg 7 apples on a stick to symbolize the alignment of 7 celestial bodies that coincide with a cosmic event with causes an evolution of humanity on earth. The Nazarite scroll mentions 8 apples and to the untrained eye it was seem there is no correlation because of the numerical difference, but in fact the difference is what shows the connection, especially when the context of the eight apples also deals with evolution and ascension to higher levels. This is more evidence the teachings being related to the same esoteric circle.

GODSPELL 44:59. And on the altar was a basket with eight apples. 60. The Maggid said: "After our service, we will feast on these apples and other gifts from the table of Mother Nature. 61. These eight apples symbolize the duplication of the square; there are now two squares. 62. When three plus four persist in the Wedding of Shemesh in Shemayah unto ascension to a higher octave in the Divine Song, they give birth to the number eight, symbolized by two squares. 63. Eight symbolizes graduation from one world to the next spiritually and, potentially, physically.

Yamumbi.com:Radiation The five planets that were sighted in a rare line-up the year 2003, occurs once every century in our solar system, but the seers say their effect becomes effective once every 45,200 years when others cosmic forces become actively involved in our galaxy. To document the significance of the rare line-up on the lives of people in this planet in the

45,200 year epoch, the seers adapted a symbol of seven Adam apple fruits pinned onto a pegged stick.

The much abhorred symbol among many African communities portrays to the seers a strange alignment of five celestial bodies or planets inclusive of the sun inline to our earth. The pegged stick in this context is the imaginary axis hence pronouncement of cosmic radiation on the lives of people on earth. This axis is equated with python in the African wisdom. This phenomenon occurs once after 45,200 years. Is the “documented” radiation the creator of evolution of man in terms of intelligence? This celestial phenomenon takes place this century. The seers say the great python will bring wisdom in Africa. From the scientific point of view, there is a possibility of such alignment of planets and other forces to create some form of radiation as perceived by the elders. It is still possible that the radiation could affect the unborn children by activating their brains. The effect of this exposure would be creation of a super genius race in Africa. If the seers are talking of an evolution of man and that evolution will be caused by radiation and only in Africa,

# 91. THREE PEAKS HOLY MOUNT

The Nazarite Scroll describes Mt. Hermon having 3 peaks that symbolized the first trinity. Mt. Zion has 3 peaks that symbolized the trinity even during the Egyptian dispensation. Interesting fact.

GODSPELL 47:28. Behold: the three mountain tops together symbolize the first Trinity that is the self-replicating triangle that is the Way of Creation.

YAMUMBI.COM : KIGONGONA KIA MAI | In the period before Gikuyu genesis referred to as "Karing'a Millennium" puts Karing'a people, who the proto - Gikuyu met and assimilated in the area around Mount Kenya and absorbed heliopolitan concept. It was found that Karing'a people and the old Mizraim shared the triad of god i.e. Osiris, Isis and Horus. Their creator personified in the sun and sometimes called "Utheri" or Osiris. In this concept when Osiris became amalgamated with the sun, Isis and her son Horus became prominent In the Nile and Duat affairs hence the stars of Sirus - A and Sirus B. Karing'a sacred triad Utheri, Njathi and Kiahu were enshrined in the peaks of Mount Kenya. Later the builders of pyramids enshrined the triad in sacred triangles of the pyramids with the sides proportional to the numbers 3, 4 and 5 respectively.

## 92. WEARING LOCKS

It should be noted, the Gikuyu are known for having locks as are the Nazarites.

GENESIS 12:9. And behold: The bodies of the Lamb and the Dove began to glow brightly, then to change form. 10. The body of the Lamb was now that of a glorious man with brown skin and long locks. 11. And the body of the Dove was now that of a glorious woman with black skin and long locks.

Mt. Kenya: Just Google "mau mau locks"

# 93. FLASH OF LIGHTNING

Another interesting secret similar teaching illustrating lightning striking the mountain when God manifests itself on the holy mountain.

GODSPELL 47:277. Jahday told First Spark, 'We will enter this world in a flash of spiritual lightning that comprehends and transcends the thoughts and plots of Baelzebub

BOOK OF MOSES 6:8. Throughout his fast the presence of the holy bush had comforted Moses. 9. Then, on the fortieth day, while Moses chanted a Sound of Power, behold, lightning from heaven flashed through the darkness of the night. 10. Lo: The lightning struck the Qanehbinah bush, and it caught fire. 11. The smoke of the bush entered Moses' nostrils, and YHWH spoke from the bush, saying, "Behold, Moses, you are in My presence."

**Yamumbi.com: The Companionship** | He forbade his daughter Wanjiru never to offer sacrifices to Ngai on that Mountain, because when Ngai Manifests Himself, a very powerful bolt of energy hits the Mountain and no woman or any man without urungu (melanin) would come out safely.

# **94. NO CUTTING GREEN TREES**

In conversation about the sacred symbolism of colors Mr. Kamitha shared the color green symbolizes "Spirit". This speaks to the tradition concerning firewood. Trees could not be used for firewood if the leaves were still green, because it indicated the tree still had life in it.

Genesis 18:141. I find joy in providing fallen wood to others so that living trees are not needlessly cut."

# 95. NO STONING WOMEN

The Kikuyu never believed in stoning women who commit adultery. In fact they didn't believe in stoning anyone the Torah says should be stoned as punishment for violating laws. What's funny is the Kikuyu protect the oldest so called 'Torah' that exists (*They have the original Kabiru scrolls of Moses they call ikunjo*), so what this tells us is the mainstream Torah has been tampered with by blood thirsty interests of whoever it may be that changed the scrolls for their own benefit. The Nazarite Scroll identifies such people who changed the scrolls the Priesthood of Lucifer.

GODSPELL 71:5. They said that Nasareans reject the Torah law that commands that women guilty of adultery must be stoned to death.

# 96. THE RIVER OF LIGHT, LIFE & WISDOM

A marvelous secret teaching from both traditions agree that the Holy Mountain is the location where the cosmic energy of life / wisdom / spirit connects to earth at the peaks of Mt. Kenya, although the Nazarite Scroll calls it the River of Light.

BOOK OF HANUKAH 2:64. And that Eternal Covenant is the Center Branch of the Tree of Life that flows into the trunk and then to all the branches and roots, yea, even into the Crown of every living Being. 65. Lo, we read in the Bahir Shibathayim: 'The spine is within the trunk of the Tree, and the trunk is called Arown haOtzar, the Treasure Box, for it is The Ark of the Covenant. 66. For, when Jah-Jah created the Mother Ovum, Jah-Jah remained in Heaven Most High; but Jah-Jah made a covenant with you, promising not to abandon you, and to remain connected to all within the Mother Ovum through the Center Branch. 67. And the Center Branch is the Nahar Neharah, the River of Light. 68. And the Nahar Neharah flows down the spine of the Tree of Life.'

I said it in my song with Sizzla Kalonji in 2019 "Positive Energy from the Black Hole, travel through space to the summit of Thaio, thaio (Zion)". Mr. Kamitha

YAMUMBI.COM: ORIGIN OF LIFE | **The origin of life:** The elders say in

creating man, all the constituents came from the soil. The part that was foreign was life, which had come from outer space in form of ostrich.

Mr. Kamitha taught me that the energy of life and wisdom connects at our earth at the peaks of Mt. Kenya then disburses itself to everyone from there. This is why Gikuyu Pray facing Mt. Kenya so the energy waves can hit you directly between the eyes.

# 97. TEN COMMANDMENTS DIFFERENT THAN MAINSTREAM TORAH

Shockingly, everyone knows about the 10 commandments, but apparently not the authentic ones. However, both secret teachings agree on one of the real ten commandments, being that warfare is not permitted on earth. I only list one commandment here because Mr. Kamitha only revealed one commandment to me thus far.

BOOK OF MOSES 11:20. [Commandment #5] YHWH does not sanction violent warfare; wherefore, any religion, scripture, or prophet that declares otherwise, either lies or is in ignorance, and should not be obeyed.

September 28, 2018 after I was inducted as an Elder for the Anjiru Clan of Mt. Kenya, as a preliminary requirement for me to be the Ambassador of Mt. Kenya, I was circumambulating the holy mountain with the Chief Seers Messenger. Our ceremonial prayer purpose for going around the mountain was Global Peace. So as our minds were focused on global peace this day the messenger was talking and mentioned that one of the commandments written on the tablets is "thou shall not create wars". This is different from murder, although murder is often involved. Wars are far worse and distinct. Until reading the Nazarite Scroll I have never encountered anyone else with knowledge of Moses original commandments other than Mt. Kenya College of Seers.

# 98. NAME OF THE NAZARITE GOD JAHDAY & JAHNAH

Linguistics are pretty much indisputable when it comes to ancient African Secrets. The High Priests of Africa used words to hide so many truths it would take a while to fully explain how effective undeniable this strategy is, but this comparison is a special find. The Nazarite God and Goddess immanent (meaning in flesh) names are Jahday and Jahnah, for short the scrolls calls them Jah-Jah.

GENESIS 2 FOOTNOTE: There is no ‘J’ sound in mainstream Hebrew. However, in Nasarean Hebrew, the “J” sound is used in certain instances, such as the personal names of the four Nasarean Deities: Jah (Father God), Jahlah (Mother Goddess), Jahday (Only Directly Begotten Son of Jah), and Jahnah (Only Directly Begotten Daughter of Jahlah).

GENESIS 5 FOOTNOTE: **Jahday means Jah Guide.** In later Biblical Hebrew a version of this name was pronounced Jah-dah-ee, but in Nasarean Ancient Vibration, which is the pronunciation we use, it is pronounced Jah-day.

YAMUMBI.COM:ASTRONOMY | The brightest star in the night sky, Sirius star or "**Njata ya Njathi**" (**Jah-Tah Yah Jah-Thee**) in Gikuyu means the "**GUIDING STAR**" Its minor component Sirius B or **Kiahu** in Gikuyu meaning son or splinter is a dwarf star, with a diameter twice the earth.

ADDED INTERPRETATION: Njathi (Pronounced "Jah-Thee") means "Guide" and remember in linguistics the D / T are interchangeable... So Jathi is also Jadhi phonetically similar to Jah-dah-ee... As far as for the Goddess Jahnah, the Gikuyu word Njama [Pronounced "Jah-Mah"] (M / N Interchangeable) means "Hands". The Nazarite Scroll often speaks of people on earth being the hands of God doing the holy work.

GENESIS 5:22. Yea, We shall reach out to every world within The Mother Ovum, and Jahday and Jahnah will be Our Hands."

# 99. THERE'S MUCH MORE FROM MT. KENYA

This report is being 'rush published' due to time constraints. There are other comparisons between the Nazarite Scroll and Mt. Kenya Wisdom that i personally know of, but will not include those comparisons in this first report because we called a wrap on this report yesterday, May 2, 2021, which is my birthday and we are publishing it today, which is the birthday of a good brother I have known for years. The brother who actually held these scrolls in his hands. So as I deliver these final words, I know i am making the right choice because heavy rains just began to pour down where I am on the south side of Atlanta, Georgia on Mt. Zion Blvd. Lighting just struck right in our area because the thunder cracked simultaneously. This always happens when I finish a powerful work for Mt. Kenya. And I'm saying this to teach everyone to please pay attention to the personal signs you receive in your daily lives family. Now let me get back to the subject.

The real reason i mentioned my birthday is because is to shed light on the importance of May 2nd also being the day H.I.M. Emperor Haile Selassie I went into exile in 1936. His exile symbolized the 'breaking point' of the Ethiopian Dynasty that continuously spanned thousands of years into our past until that day.

I was born exactly 50 years later, in 1986, so intrinsically I know I am to do something with my life for our people to transform the energy of that dark cloud hanging over that day.

The opposite of to break is to bridge, mend, fill the gap or restore. So to transform that broken Imperial African energy I am filling the gaps in our people's minds with the hidden knowledge we were disconnected from by the Priesthood of Lucifer over thousands of years.

The divine authority I have to do this is not just my official position as the Ambassador of the Holy Mountain, but even the definitions of my birth names and African names read together in the order i attained them, together read a concise sentence. Jacob Knox Saint Michael Ewers II Oagile, Muchiri

"Someone who replaces something with something else from the hills, who is like God, the second one who built, The Ambassador / The Attorney / The Judge"

I am committed to replacing the luciferian energy with the energy from the Holy Mountain for the benefit of our whole world. And you can bet yourself that when I wake up everyday, that's all I want to do. Everything else is far less interesting to me. I say that to say this family, in these times of grand deception never feel like there is no one out our doing the work. There are plenty of us doing this work. Even if they are in different areas. All things are tied into the grand purpose.

Finally, I am also leaving this open because I have not had an opportunity to

fly back to the Holy Mountain and sit with the Chief Seer's Messenger to give this a full analysis. So what we will do is send him a digital copy and allow him to identify the Mt. Kenya secrets he sees in the Nazarite scroll.

We will organize for him to give a presentation to our the delegation who travels to Mt. Kenya this December 20-28th for Mt. Kenya Prayer Walk on December 27.

Of course he is far more equipped to teach this than I am, but the advantage you have with me is that he is sworn to secrecy and I am not. I am sworn to "reveal teach and promote" the sacred wisdom of the Holy Mountain that I am exposed to. Therefore whatever I learn I am officially supposed to share with all of us unless i am specifically instructed not to share certain thins. So it will be up to him and the God of the Holy Mountain concerning what comparisons he will reveal about the Nazarite Scroll.

Furthermore, we are launching a joint effort based Investigation Website where anyone on earth who finds a comparison teaching in the Nazarite Scroll or Black Root Science with other African Secrets, they can submit that comparison to be included in the next report. That website is [www.TheGreatInvestigation.com](http://www.TheGreatInvestigation.com)

# TOP GUIDING TRUTHS OF THIS REPORT

So you now have a healthy abundance of sacred knowledge, now we will finish with guiding principles we need to use based on what we are learning through the great investigation.

1. Black People in America, do whatever you must to form the cornerstone it is the cheat code for restoring our people and healing the world.
2. Do not trust extra-terrestrials or see them as superior to you. On top of the plandemic, the US government is about to begin a public relations campaign for UFOs and ETs. The purpose is to make you more welcoming of them and their ideas and the so called "great things and help" that they can provide us with. This is a false sense of security that is created to appear and feel good in the beginning, but will in the long run cause harm for those who take their bait.
3. Do not engage any process that involves connecting your body to computers because this helps to promote their ultimate agenda. And you must be careful of this because there will be seemingly 'harmless' ways of mixing with computers that will appear to be beneficial, but be warned that those technologies are like 'gateway drugs' that soften you up to the

longterm agenda.

4. Use your spiritual power to fight the Luciferian High Council and you would be wise to do it together with the high council of the Holy Mountain. And that is easier than you may think it is.. Here is a cheat code. The Chief Seers Messenger has declared they are ready to open up the ancient temples again. The first one will be built on the Holy Mountain. They are calling it the "Gikuyu & Mumbi Cultural Museum"... With extremely limited resources they are building this museum now. Here is a hint, HELP THEM BUILD THE TEMPLE! We are launching a crowd fund campaign for the museum it is very expensive. To support the museum visit the website [www.GreatInvestigation.com](http://www.GreatInvestigation.com)

5. Solidify official relations with the Holy Mountain in Kenya. Support the Holy Mountain's Diaspora Office in America and Go to Mt. Kenya this December 20-28th if you are able to. Sign up on [www.MtZionBound.com](http://www.MtZionBound.com). This is crucial for us to accomplish because the Chief Seer of the Holy Mountain authorized the original secret scroll to be declassified for humanity's edification (The Nazarite Scroll we compared admits that it is not the original). Show them we appreciate them by going to the mountain and praying with them on December 27th.

6. Read the source materials front to back, starting with the Black Roots Science

7. God is within you so know yourself... Know God

Thank you for reading this report. We will continue to investigate. Until we

see heaven on earth we will continue to post new comparisons on [www.TheGreatInvestigation.com](http://www.TheGreatInvestigation.com). Eventually we will put out a another full report volume which will likely come from the headquarters office at the Holy Mountain if they like the idea.

This report has been prepared under emergency powers of the 5th Seal therefore I acted on my own intuition from my spirit telling me this had to get done. I did not seek assistance from anyone but the God within me. My prayer is that these word lift someone in the African Diaspora's soul 144,000 times to the point where we all become inspired to form the cornerstone of the peace prophecies.
